

UNION DEPOT ASKED FOR HILLSBORO CITY

Petition Also Asks S. P. and O. E. to Run Cars on Washington St.

MOVE TO GET S. P. OFF MAIN STREET

Request Was Filed With Public Service Commission First of Week

A petition has been circulated in the city and filed with the Public Service Commission asking that the Southern Pacific and Oregon Electric have a Union depot, to be located somewhere on Washington Street, and that the Southern Pacific and Oregon Electric also use the Oregon Electric track jointly, presumably from Sixth Street on to North Range Street. The move would eliminate the Southern Pacific track on Main Street, if the commission should take the initiative and order the depot consolidation.

When the hearing takes place, if one is granted, it will then discuss just how bad property owners on Main want the "alleged nuisance" of the red cars removed from Main Street. So far there has been no serious accident on Main and the Red Car service means many trains through the city every 24 hours.

RECEPTION

The members of Phoenicia Temple Pythian Sisters last Friday evening tendered a reception to the newly elected Grand Chief of the Oregon Pythian Sisters, Mrs. Emma C. McKinney. The reception was given after the lodge session, and a splendid banquet was spread in the club room. Mayor John M. Wall, who is a Past Grand Chancellor of the Knights of Pythias, paid a tribute to the Grand Chief's excellent work in Pythian Sister circles and unadvisedly upon the high honor the State was given by the selection, as well as the honor to the local lodge. In a few well chosen words Mr. Wall then presented to the Grand Chief a beautiful lavaliere, set with three diamonds, the gift of the members. The Chief responded with feeling, and assured the listeners that she would give the office her best efforts.

A program, under the chairmanship of Mrs. C. E. Wells, was given as follows:

Vocal solos, with Vincent Engeldinger and Glen Payne as piano accompanist; Mrs. F. J. Sewell, Miss Georgia Baldwin and Miss Majorie Wells.

Violin solos, Earl Donelson, accompanist, Mrs. Fred J. Sewell.

WAREHOUSE BURNS

Fire, catching from a defective flue, destroyed the Rene Crop warehouse at North Plains, Tuesday morning, about 11 o'clock. Frank Jackson and wife lived in the place, and had their hay, about 35 tons, and a lot of grain stored. The hay and grain were destroyed, and by dint of hard work Mr. Jackson saved his household furniture and personal effects. There was no insurance. The building loss was several hundred dollars. Mr. Jackson's loss naturally runs into the four figures.

East end news—Two ties on the S. P. bridge at Tualatin were afire one night last week. They were about 10 feet apart, and burning on top. It is thought they might have been set by an incendiary. Frank Colfelt, Sherwood, has traded his hotel property for a 1100 acre ranch over in Lincoln County. He will stock up the ranch and make a dairy farm out of it.

Tobacco has already raised since the war, in anticipation of the new tax, which takes effect Nov. 1. Dealers have charged retailers accordingly, and only those who had "chewing and spitting" and smoking on hand in good quantities have refrained from charging the advance price. It will be interesting to note whether or not there will be less use of the weed.

The first real old he-frost of the season struck Washington County Tuesday night, and it was goodbye to tomato vines, beans, potatoes and everything else in verdure. The frost was a spotted one, and failed to strike the hill potatoes in places. Many beans had been revived by the early September rain, and a second crop was being picked by housewives—that is to say, a second crop of greens. Old Ore gonians humped their shoulders and said—"Well, it means rain, and that is what we want."

Kerry Scanlan, a fifteen year old Gaston boy, started out to see the world last week and his parents are interesting the Sheriff's office in an endeavor to locate him. SCHOLLS GRANGE FAIR OPENS TOMORROW A. M.

Patrons of Husbandry Have all in Readiness for a Big Showing

PROMISE BETTER EXHIBIT THAN EVER

Take Day off and See What That Section of the County Can Produce

The Scholls Annual Grange Fair opens this Friday morning—and every farmer in this section should visit this fertile part of the county and witness what the progressive husbandmen of Scholls and vicinity can accomplish. Scholls Grange has made a reputation for the local fairs and each year the exhibits are better than the preceding.

There will be a fine stock exhibit—and Scholls always has fine stock. Many times the Scholls horse and cattle exhibit eclipse many of the various county fair showings, and this year will be no exception.

There will be a better babies contest—and Scholls is not behind the rest of the world when it comes to this boy-product and girl-product.

The ladies will have a splendid showing of needlework, antiques and home cooking and canning. The agricultural exhibits will be bigger and better than ever. Take a day off and visit the Fair—Friday, Oct. 19, and Saturday, Oct. 20.

Talk about human endurance—the Argus will waver that Wm. Nelson, Frank Schulmerich and Marvin Robinson hold the championship for eating ice cream in 1917. In one day the three of them each stowed away 16 dishes of ice cream, and all of them reported for work the next morning, although a trifle groggy. Schulmerich had a handicap of two root beers before the start was made. There is but little wonder that dairy product is high. There was some excuse for Schulmerich and Robinson, as they are from the farms, but there was none for Nelson, who is a buyer of milk and butter.

A Successful Achievement. All questions as to why this bank is growing so rapidly may be summed up in the following important facts. 1st. It is a National Bank. 2nd. It is a Member of the Federal Reserve System. 3rd. It is as progressive as it is conservative.
