

RADIO PLANT TAKEN OVER BY SHERIFF

J. E. Jacobsen, Ticket Agent and Operator at Timber, Owner

WIRELESS BROUGHT HERE

Apparatus is Thought to Have a Radius of Several Hundred Miles

Sheriff Applegate went to Timber Monday, and in an hour's search uncovered a radio outfit capable of receiving and sending several hundred miles. It was located at the home of J. E. Jacobsen, ticket agent and operator for the S. P. Company at Timber. The radio plant was brand new, and had been operated but a few months, judging from the area arms carrying the wires.

For some weeks it is understood that government radio stations and radio plants on vessels have been having trouble with interferences from the shore line and as near as it could be located the trouble was thought to be coming from the Nehalem section.

The sheriff had a difficult time to locate the plant, as it was rather neatly covered. Jacobsen was not placed under arrest, but the apparatus was brought to this city. Instructions are awaited from the United States officials, and it is more than likely that Jacobsen will have a half-hour. He states that he installed the wireless for his own satisfaction, but Uncle Sam will probably do a little investigating on his own hook.

Jacobsen is married and lives in the home where the plant was found. He has a wife and two children.

The plant is one of the most complete ever seen in this section, and probably cost several hundred dollars.

K. P. DANCE

The Uniform Rank, K. of P., will give a big dance at the Moose Hall, on St. Valentine's night—Feb. 14. The boys have been giving an annual dance for some years, and this will probably be their last. They have a fine company, and have been drilling with government rifles for some weeks. The company is nearly free of debt, and they have about the nicest thing in uniforms to be found in the state. As each enlisted man is a deputy sheriff, they form quite a peacocks portion of the county. The public is cordially invited to attend this social affair given by the boys.

BUSINESS BETTER IN OREGON SECTION

Business Failures on Decrease all Over Oregon

SHIPYARDS ARE BIG HELP

Portland Mills Cut 75,000,000 More in Year 1917

Marshfield—Coos Bay shipyards to pay 10 per cent bonus to workmen soon.

Bend—Total payroll disbursements of two big sawmills here ready to commence operations.

Pendleton—In Umatilla county, one of the greatest farming counties in the state, 50 per cent of taxpayers will be assessed over \$5000.

Milton—60,000 bushel grain elevator to be built at Bates Sid-ing.

Beaverton—Electrically driven starch factory ready to run on potato culls.

Lane county budget provides for \$290,000 for roads and bridges.

Eugene—Government may utilize idle sawmill here in connection with war plans.

Independence—Valley & Siletta Logging Co.'s camp most up-to-date in Oregon. Fitted with all modern conveniences; 40 miles of track; employs 80 men.

Marshfield—C. A. Smith Co. preparing for 2 shifts at mill to increase output of airplane and ship timbers.

West Linn—Crown Willamette Paper Co. to construct modern hotel here.

Donald—Sutherland mill near here resumes operations.

Bandon—Two barges secured to ship lumber from Moore Lumber Co. to San Francisco.

Wm. Young, of R. C. Dunn & Co., says: "Portland business houses did larger volume of business in 1917 than in 1916, and fewer concerns were in business than for 5 years. Number of business failures decreased. Conditions in Western Oregon improved more than in Eastern Oregon. All signs point to better business in 1918 than 1917. Portland's lumber cut 75 millions bigger, 1917, than in 1916.

National policy of encouragement building up American Merchant Marine after war will be greatest inducement to continued activity in shipyards.

WHY NOT POTATOES?

Potatoes are a splendid food; excellent for the body; delicious when well cooked.

Potatoes are a fuel food. They furnish starch which burns in your muscles to let you work, much as gasoline burns in an automobile engine to make the car go. One medium sized potato gives you as much starch as two slices of bread. When you have potatoes for a meal you need less bread, therefore potatoes can save wheat.

You need the potato salts to build and renew all the parts of your body and to keep in order. Much depends on the cooking of the potato. Even the best potatoes can be spoiled by a poor cook. They can be used in many ways in cooking. They are good in bread and can be substituted for 10 to 15 per cent of the wheat flour. They are also good in cake and keep it from drying out. You may use your usual recipe, substituting one cup of the mashed potatoes for one-half cup of milk and one-half cup of flour.

Potatoes, left over or fresh, may be combined with cheese, nuts, meat or other material to make the main dish of a meal.

Try these Potato-Cornmeal Muffins:

Two tablespoons fat, 1 tablespoon corn syrup, 1 egg, well beaten; 1 cup milk, 1 cup mashed potatoes, 1 cup corn-meal, 4 teaspoons baking powder, 1 teaspoon salt. Mix in order given. Bake 40 minutes in a moderate oven. This makes 12 muffins.

L. L. Crawford, of Manning, was in the city Monday.

ADOLPH HONZAIK

Adolph Honzak, pioneer, died at his home one mile west of Hillsboro, on the Baseline road, Monday afternoon, Feb. 4, 1918, at 2:15. He was born in Saazne, Valvary, Bohemia, Austria, June 17, 1846. He left Bohemia in November, 1867, and came to Portland in February, 1868. He was married to Miss Anna Michael, August 1, 1869, being the first Bohemian couple married in that city. They at once moved to their present home, where he has ever since maintained his residence. In Bohemia he followed brick masonry, but did not work at his trade here. When he took the farm there were but two acres cleared. Mrs. Honzak died March 12, 1904. He leaves the following children to mourn his loss: Antonia, Mrs. George Harrow, Hillsboro; Anna, Mrs. Jas. Jackson, Oregon; Adolph, Julia and Benjamin, at home; and Minnie, Mrs. Edward Erickson, Portland.

The funeral took place yesterday at the home, at 2 o'clock in the afternoon, and interment was in the Odd Fellows' cemetery. Rev. Andrew Carrick preached the last rites.

Mr. Honzak was a splendid citizen and a fine neighbor, a loving husband and father. In all his years of residence in Washington County he held the esteem of the community in which he lived. He was always just, reliable and true to his convictions and of a high order of citizenship. His death is deplored by a large circle of friends.

Herman Pranger, of Laceyville, was a city caller Friday.

Sheriff Applegate made an official trip to Timber, Monday, on government work.

Andrew Eggiman, of near Cedar Mill, was a city caller Monday.

W. E. Thurston and wife, of near Beaverton, were in town Monday, on business.

Mrs. C. L. DuBois, of Sewell Station, was a Hillsboro visitor, Tuesday.

E. J. McAlear departed Saturday night for Southern Oregon and will transact business at Medford and Ashland. He will return the last of the week.

Frank Vandomelon, of Gaston, was in town Friday. F. T. formerly carried the mail on Route 3, at Banks, and made the trip Winter and Summer on the same schedule.

A. C. Shute has received acknowledgement of tobacco contributed to the American boys in France. He sent four consignments and one has sent in his receipt, and Mr. Shute expects to hear from the others soon. Mr. Shute contributed thro the Oregonian. This goes to show that all this push-bah about funds of this kind being diverted amounts to nothing.

C. R. Bradley is home after over a year's visit at Myers, Montana, with his son, Wilson, and Jesse Crandall and wife. He returns without a trace of his asthma, for which he sought change of climate.

The Cove Oaks Co., Judge Geo. R. Bagley, President, has sold the big Cove Oaks ranch of 220 acres, including the mill site and flouring mills, to Max Behling, of Blooming. Mr. Behling traded in his 44 acres near Blooming on the deal, and this, in turn, was sold to Fred Kraemer by the company. Behling will at once move to the Cove Oak place, formerly known as the Dudley mill tract. This ranch is one of the finest in the valley, and has a water power mill. Thirty or forty acres have been platted into an irrigation district, and Mr. Behling will stock up the farm with dairy stock and deal in this industry. The ranch deed alone took \$18 worth of war stamps. Albert Hartraup negotiated the trade.
