

## FOOD ADMIN. SENDS OUT U. S. SLIPS

Schools are Distributing Them in Each County

## COCHRAN GETS A DISTRICT

School Will Have Twenty Pupils With Which to Start

The Food Administration has distributed a new kitchen card with directions and suggestions for "Conservation"—C. E. Wells, Food Administrator for Washington County, has done this thru the schools. Each school has appointed a distributing committee supplied with red, white and blue ribbon badges inscribed "Conservation U. S. A."

New members of the second Junior Rainbow Regiment are Helen VanKleeck and Winifred Emmel, of Kinton; Leah Turner, Margaret Matthes and Star Kerr, of Laurel.

The Junior Red Cross, of Tatalin, has been doing some very nice work. They have completed and sent in six layettes for the Belgians. Any baby might well be proud to have such an outfit, and any mother might well be proud to have her daughter able to make them.

Mr. Maris, State Industrial Club Worker, is finding the school children eager to take up the projects. Several of the schools were already organized. It is to be regretted that his time is limited to two weeks, and with the bad roads it is impossible to reach as many schools as was desired. We may be able to secure him for two weeks early in April.

The Timber school district has been divided into three districts. Timber district No. 78 to include the present Timber school and westward along the line of the railroad; Strassel District No. 102 to include the east end, and Glenwood District No. 110 to include the southern part.

The lumber camp at Cochran has over 20 children of school age, and a school will be established there immediately.

N. A. Frost.

Tupper, Box 193, Hillsboro, Oregon. 49-4f

J. F. Thompson, of Mt. Vernon, Wn., arrived here the last of the week, and with his wife, is quartered at the Hotel Washington. He is here to relieve E. C. Lamb, superintendent at the condenser, while Mr. and Mrs. Lamb are away on a vacation. Mr. Thompson came over from the Sound in an auto, crossing at Goble, and he says he had no trouble in getting his machine through to Portland.

## GOVERNOR JIM AN- NOUNCEL PLATFORM

Will Enter Primaries to Succeed Himself as Oregon's Executive

## GOOD ROADS AND THE WAR

Thinks He Has Given State a Good Administration Four Years

Governor Withycombe announces his platform to succeed himself as the chief executive of the state. As he is a Washington County man the Argus holds that it is its duty and the governor's due that his announcement be published, and here it is:

"If the people of Oregon are of the opinion that I have served them faithfully, I should be pleased to receive a vote of confidence at their hands.

The Governor of the state has the ear of the people. It is therefore in his power to assist in creating and maintaining a healthy public sentiment on the many

## CONDOLENCE

Whereas, it hath pleased the Supreme Master to enter our ranks and remove therefrom our esteemed Brother, B. E. Owens,

Therefore, be it further resolved, that while we mourn the loss of our beloved Brother, we bow to the will of the Divine. His life has gone out and his chair is vacant. Only yesterday he was with us; today we have but the memory of his work.

Resolved, further, that Bettyany Grange No. 418 has lost one of its faithful officers, the children a kind and affectionate father, the wife a devoted husband, and the community an ever helping hand.

Be it further resolved that a copy of this resolution be sent with the sympathy of this grange to the affected family, and a copy be sent to the Grange Bulletin, and one to the county papers for publication; that this office be draped in mourning for 30 days.

Mrs. A. M. Commons,  
Mrs. M. Baybrooks,  
Mrs. Jos. Saunders,  
Committee.

## CORP. BOLTON WRITES

Corporal W. C. Bolton, with the 18th Engineers in France, recently wrote his mother, Mrs. W. B. Bolton:

"Last week I took quite a trip, visiting a town 70 or 80 miles from here, with 100,000 inhabitants. A part of the city was built on a circular hill, 500 feet in elevation. The crest of the hill was the site of an ancient fortified city. It was protected by massive ramparts, 700 yards in width. This rampart has been transformed to a boulevard, and the view from it is delightful. There are six military hospitals here, all French. I went through one and distributed cigarettes and tobacco. An American was quite a novelty in the place. I found prices moderate, having a nice room and breakfast for \$1.40 American—this is the best hotel in the city, and a nice one at that.

An American has charge of a large tannery for the French government, and I had a card for him. There is also a cathedral which is noted for its chimps, and it was a pleasant thing to be awakened by them Sunday morning. I surely did enjoy them.

Had breakfast early and went out to the markets—the people were out in force to obtain their daily small amounts of meat and produce, the hours being from 8 to 12.

The next town I visited was about 25,000 in population. I took supper here at a small pension, and it was a fine meal. Chicken dinner and excellent wine. Here I met some French officers who lived at the house. They were nice chaps, and quite inquisitive about America and Americans. I received several urgent invitations to return here as a guest, and it was by far the most pleasant day I have spent in France. Photographic supplies are scarce as "hen's teeth" here, and I wish you would send me—

The weather is fine here now—guess Spring work will soon start back home. Taps will soon sound, so must close.

W. C. Bolton, Corporal."

Help Wanted—To enjoy Box Supper at Reedville, Saturday evening, March 23. Good program. At school house. 52-1
