SCHOOL NOTES

The following is quoted from a letter sent by County Superintendent Frost to every school board in Washington County:

"Do not hire any teacher who is not a loyal, patriotic American actually helping in Uncle Sam's War Work. No teacher can teach conservation, Red Cross, Thrift and War Savings and honor to the flag who does not practice these things. No neutral teacher will be tolerated in Washington County next year. You should mention this when talking about hiring. Even if you know that the teacher is all right the fact that you demand a pledge of that kind will put life into her work. She will know that you are right back of her."

As a part of the plan for securing labor in the places where most needed the Department of Labor is requiring the registration of all the boys between 16 and all. It is not the intention to take boys away from home or other places where they are already employed. Those who work at home are entitled to workers certificates, badges and other honors of the Boys' Working Reserve. The teacher is enrolling officer for every school district. The time for registration is the week from April 22 to 27.

Give your government every bit in you these days of trial. It needs you, and needs the support of all. Government help is self-help.

The State Highway will be graded at once through Washington County, as far west, anyway, as Hillsboro. This may mean work this Fall, on at least a part of the road, on the Portland end.

While Oregon has had no severe weather old Winter has lingered so long in the lap of Spring that it has become more than tiresome. Today, however, is the first real, ideal Spring day, neither too warm nor too cold. A few days like this and the dogwood will be in bloom and the man with a verse-bias in his dome will be breaking out. This is the kind of weather that G. A. Plieth, of Tigard, always commences to look for some verses on the eternal unfitnes of things.

A lady by the name of Louise Hunt, who was assistant librarian at Portland, drawing down \$175 per month, refused to take a Liberty Bond, saying she was opposed to war. Her action raised such a protest that she resigned under fire. We would like to see Miss Hunt and her type of women turned over to the Kaiser for a term. About the first time she publicly proclaimed that she was a pacifist something would drop, and every little bit of her \$175 she has been getting every month would be confiscated in about 15 minutes. The Miss Hunts and those of her ilk must get off the public payrolls.
