A number of the students went to Rock Creek last Friday evening, and put on a literary and musical program before the Rock Creek Literary Society. Needless to say it was a success, and the program may be repeated at the Mountside School in the near future.

Prof. Patten read a letter to the assembly last week, from Washington, D. C., urging the boys to stay in school and finish their education, before enlisting. It also set forth the country's need for trained men.

That the Hillsboro people are doing fine in the Liberty Loan Drive is evidenced by the fact that through the Hillsboro National Bank alone, already 225 subscriptions for Liberty Bonds have been made, amounting to about \$25,000. The bank informs us that although the Liberty Loans serve to reduce deposits, their deposits are the highest they have ever been, which shows there is plenty of money in our community.

There will be a partial or total eclipse of the sun on June 8, and there is one almanac which says that on that date a big storm will form over the Pacific coast, which will cause a terrific hot wave over the Missouri river valley. As there is generally a hot wave of some intensity in the Missouri valley on that date, or close to it, it is of some doubt as to Pacific Coast conditions causing it. Frank Imbrie, of Orenco, has a birthday on June 8, and this will make him remember to watch for that eclipse. The government is putting up a big telescope at Baker to watch the phenomena attendant on the eclipse.

HOUSE BURNS AND AN AGED MAN DROPS DEAD

John Gillanders, of Dayton, Dies From Shock Caused by Fire

BURIED AT DAYTON TODAY

Laurel Farm House Burns to the Ground Tuesday, With Fatality

John Gillanders, aged nearly 82 years, is dead from heart failure as one of the results of the home of F. M. Crabtree being destroyed by fire, about noon, Tuesday.

Mr. Gillanders and wife had arrived from Dayton a day or so prior, for a visit, Monday morning. Mr. and Mrs. Crabtree and Mrs. Gillanders, who is the mother of Mrs. Crabtree, went to Portland, leaving the grandfather at home with Miss DeLaure.

About the noon hour the house was discovered to be ablaze. Miss Crabtree notified the neighbors by telephone, and help arrived in time to get the effects of the lower floor to safety. Mr. Gillanders had walked over toward a plum drier, and a neighbor discovered him prostrate. He had collapsed from the shock, and death ensued within an hour after the fire started.

Mr. Gillanders was born in Canada, October 8, 1836, in Richmond. He married Laura Turpin in 1868, and had lived in Oregon since 1862. His home for some years has been Dayton, Ore., and the remains were taken there yesterday by Undertaker Donelson. The funeral took place today and interment was in the Odd Fellows cemetery, he having been a member of that organization.

He is survived by his widow and the following children: Mrs. D. C. Tallman, Beaverton; Mrs. Frank M. Crabtree, Laurel; Earl G. Gillanders, Pendleton; and Herbert Gillanders, of Gaston.

WAR SAVINGS

The objects of the Thrift and War Savings Campaign are to promote systematic saving and self denial on the part of every American so that labor and materials now employed in the production of things which are not essential to our daily life may be used in the production of War materials and supplies to encourage economy and thrift in the community, to raise money for equipping our boys at the front so that this war may be brought to a speedy close and liberty and free government "shall not perish from the earth."

Oregon's apportionment is seventeen million dollars during 1918—\$534,000 is the share of Washington County—this means that we must get on to a basis of \$44,500 War Savings per month. Our sales up to April 25 were \$88,711 or about 50 per cent of requirements to be up to the schedule. The eyes of the nation are on Oregon, and the eyes of Oregon are on Washington County on account of the magnificent work done in the Third Liberty Loan. Every loyal citizen ought now to put his shoulder to the wheel and get Washington County right up to schedule on War Savings.

The Junior Rainbow Regiments have been formed in Oregon—the boys and girls who have sold \$50 or more of W. S. S. Washington County has 10 members in the first regiment 29 members in the second regiment; 36 in the third regiment—75 boys and girls who have been out winning the war. If you haven't started buying War Savings Stamps "do it today." Buy a 25c stamp every day.

N. A. Frost, County Chairman for Washington County.

The members of the Cedar Mill Red Cross will give a Civil War Drama, in four acts, at the Grange Hall, Cedar Mill, at 8:30 P. M., May 4. This is to be a benefit for their Red Cross society, and all are invited.

For Sale—Horse, buggy and harness; horse is small, but blocky built, and is a good work horse or driver; 8 years old, fat and an easy keeper. Good strong buggy. Price for all, \$70.—Inquire of Mrs. E. W. Treadwell, ¼ mile south of Tobias Station, Route 4, Beaverton. 6-7

They say that Dad Tilton is working on a lawn mower which will run like a Waterbury watch. All he expects to do when he gets the machine invented and perfected is to wind up a spring, which, in turn, winds another spring, and so ad infinitum until the big coil is tightened. It will then be set and put in motion, and can be governed to run 50 or 100 feet, or fraction thereof, and then turn "right around and run right back again to the starting point." Dad just lacks one little contraption to perfect his model, and he is searching all the almanacs to get the right hunch.

Orrin E. Fenderson, aged 33 years, working at a railroad camp near Wilkesboro, was brought to the county seat Monday, on a charge of defacing a building by painting sign on it. He was allowed to go his way after a rigid examination. One of his signs read "The Pope or Uncle Sam—which?" Fenderson appears to be tooting his horn for the Menace an anti-Catholic publication. He says that he was born in Eau Claire, Wis., and has been in the Navy, for a period of two years, having been discharged from that branch of the service on account of a bad heart.

Free Methodist Church, Fifth and Oak Sts.—Sabbath School, 10 A. M., Mrs. Lucy Sigler, Superintendent; preaching at 11 A. M. and at 8 P. M.; prayer meeting Thursday evening. The annual conference has just concluded at Portland, and the Pastor, J. N. Wood, has been returned to Hillsboro for another year. He desires the Argus to thank the public for the many expressions of good will which he has received during the year just closed; and to express his appreciation for the privilege of preaching the gospel to Hillsboro people the coming year. The public is cordially invited to attend all the regular services.

OF IMPORTANCE

The United States Food Administration, Grain Corporation, writes C. B. Buchanan & Co. as follows:

To all Elevator and Warehouse Operators:

The privilege issued to licensees to retain wheat and rye in interior elevators and warehouse for seed distribution terminates on May 15. We hope that every bushel of wheat in farmers' hands will be delivered to their country stations by that time. Every effort is being made to expedite the movement of wheat to the mills so that it can be ground into flour and shipped to our soldiers and Allies abroad to relieve the acute shortage which now exists.

Will you please notify all farmers close to your station who may have small lots of wheat on hand urging them to bring it in immediately? Also please notify us of the name and postoffice address of any person holding wheat who is not inclined to haul it in.

There is a plentiful supply of box cars at all interior points. If you are not receiving as many per day as you can load, wire us so that we can see that your requirements are promptly taken care of.

Yours truly,
Food Administration Grain Corporation, by M. H. Houser, Agt.
