

COUNTY EXPENSE BIG FOR MONTH OF MAY

Election Costs Large Sum of Money—Many Judges and Clerks

ROAD WORK ALSO BIG

One of the Heaviest Months of the Year for Expenditures

The June term of county commissioners' court came to a close last Saturday night with one of the big months of the year for expenditures. The primary election came in May and this meant a large number of judges and clerks expense, and with the beginning of road work the claims from the various districts meant big money.

The claims as allowed for county service follow:

Guarding The Children's Health

HOW many children are taught to use the tooth-brush regularly—and to use it right? Yeta clean mouth and sound teeth will either make or ruin their good health. On it depends a large part of their physical and mental and moral well-being. It is conceded by competent authorities that diseases of childhood, such as measles, diphtheria, scarlet fever, and so-called infantile paralysis, are not nearly so apt to attack children with healthy tonsils and clean mouths.

At St. Vincent's Orphanage, Boston, Mass., there had been very many cases of childhood diseases. After the dentist taught these orphan children how to use the tooth-brush, and after their little mouths had been restored to health again, and kept that way, these children's diseases have been greatly diminished from that Boston institution.
