CAN OREGON REPEAT?

The vaults of the U. S. Treasury again need refilling. Ever increasing expenditures necessary to hasten the end of the war, the keeping up and backing up of "our boys," the sustaining of the Allied Nations and their Peoples, the perpetuation of Democracy and Destruction of Autocracy—require the unstinted sacrifice—the 100 PER CENT, NOT SIMPLY "BUT," of every true American.

The Eve of the 4th Liberty Loan is here. FIRST in every patriotic endeavor, OREGON cannot, will not, shall not falter NOW. With more to work for, more to give for, more to sacrifice for—every true Oregonian will make it his duty to see that OREGON DOES REPEAT—BY GOING OVER THE TOP FIRST once again.

While the campaign does not officially start until September 28th, we will so voluntarily pledge our subscriptions and anticipate our quotas that in this town, this county and this state IT WILL BE OVER WHEN IT'S OPENED.

With Self Starter and Electric Lights

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Model D

Because of its ideal design, construction and performance, this new Moline-Universal enables one man to farm more land and produce more food than ever before possible. It is the world's most dependable farm hand.

New features include self-starter; electric lights; electrical governor; perfected overhead-valve, four-cylinder engine that is free from vibration; complete enclosure of all moving parts; differential lock which increases traction.

Drop forgings, heat-treated parts, steel cut gears and unusually large bearings add extra years of endurance.

These new features, together with the well known Moline-Universal type—all the weight on two wheels, one-man control and ability to do all farm work including cultivating—make the Moline-Universal Model D the best tractor money can buy.

Conservatively rated at 9-18, the new Moline-Universal has ample power for heavy belt work, and can plow as much in a day with two plows as the ordinary three-plow tractor, because of its greater speed. Yet it is light enough for such work as cultivating, mowing, etc., which do not require so much power.

We will be glad to tell you all about this wonderful tractor. The next time you are in town call on us.
