## ESSAYS FROM STUDENTS ON 4TH LIBERTY LOAN

Every Pupil Capable Should Get Busy This Week

### MEDAL FOR EACH COUNTY

Gold Medal Will Be Given Victorious State Writer

In response to inquiries from parochial and private schools, Fred L. Boalt, state chairman of the essay committee, announced that all pupils, whether in public or private schools, are eligible in this state-wide competition of the Fourth Liberty Loan.

Inasmuch as there is no organization to take care of the contest in such institutions, he has decided to leave the matter in charge of the heads of such schools. In some cases there are no grades, only classes corresponding to the grades and in division of the public school in such cases, it will be up to the head of the private school, or such school to determine in what relative position the essay of a pupil can be entered.

Essays written in such schools should be sent directly to the State Contest Committee, care of Liberty Loan headquarters at Portland. The names and grade of the writer must be on the outside of every such paper.

This is expected to add hundreds more contributions for the essay committee to judge.

Portland public schools are devoting time and study to the subject of the essays this week preparatory to the opening of the Fourth Liberty Loan campaign in Portland next week. Throughout the state there is a general interest in the contest; even in districts where school has not been resumed, county superintendents and others have asked details of the loan.

Prizes have been announced as ten gold medals for the state-wide winners in each of the ten grades of the grammar school and high school beginning with the third grade.

In such districts where school has resumed, teachers of the different grades will judge the best essays in their classes and pass them on to the principal who will forward them to the county superintendent. The winners in the county will be forwarded to state headquarters for main competition. Where school has not resumed, essays should be sent directly to the county superintendent.

Beside the gold medal for the state winners there will be a silver medal for the best essay in each grade in each county. An essay must be in the hands of the county superintendent on Sept. 27, and mailed immediately to Portland.
