LEAGUE OF NATIONS

At Christiania, Norway, in 1910, Mr. Roosevelt made the following remarks on a proposed league to keep peace—and they are well worth your while:

"As things are now, such power to command peace throughout the world could best be assured by some combination between those great nations which sincerely desire peace and have not thought themselves of committing aggressions. The combination might at first be only to secure peace within certain definite limits and certain definite conditions; but the ruler or statesman who should bring about such a combination would have earned his place in history for all time, and his title to the gratitude of all mankind."

J. A. Zimmerman, of Roseland Farm, on the River Road, was up to the city Saturday.
