BAPTIST REVIVAL NOTES

Evangelist John M. Linden, formerly with "Billy" Sunday, arrived in town Tuesday evening, and is already in the harness, having fired his first gun of the campaign in a sermon Wednesday evening, on the subject—"God's Lubricator."

Evangelist Linden will preach every night this week, including Saturday, and three times on Sunday, morning, afternoon and evening. Vital subjects will be discussed in a manly, virile way, and everybody is invited. Sunday afternoon there will be a special message for women and girls only, and no men will be allowed except the pastors of the various churches.

Saturday afternoon, at three o'clock, the evangelist will organize the Hillsboro boys and girls between 5 and 16 years old into a Booster Chorus, which on Saturday evenings will give programs the like of which Hillsboro folks have never seen or heard of—songs, stunts and yells. Since these programs are given on Saturday evenings, they will not be in conflict with other church services, and so the parents are urged to let their children join the Boosters for the great good they will derive. Evangelist Linden is an expert in boys' and girls' work. This coming Saturday the first rehearsal will be held, and the first program will be given Saturday evening, March 1st, at 7:30 p. m. There will be no charge of admission, and all seats are free. All are invited.

Do not fail to hear Linden tonight on the subject, "Your Thinker on God's Job." Friday night, "Catch My Pal for God." Saturday night, "Boomerangs That Slay." Sunday morning, "Sweating Blood for Victory." Sunday night, "Knocking Revival Knockers Bring Your Hammers." Services every night next week including Monday. While Evangelist Linden is in town everyone whether a member of the church or not should avail themselves of the privilege of hearing this former member of "Billy" Sunday's sin fighting staff. If you hear once you will want to hear him again, and so, many will come often.

ROAD MEETING

Everybody interested in rocking the Bethany-North Plains road is requested to attend a meeting on Monday, March 3, at 7:30 p. m., at Bethany Grange Hall. Be sure and come and help boost good roads. 50-51

SOME PRAYER BOOK

J. J. Meacham, of this city, sends the Argus the following story, going the rounds of the press, telling how a soldier used a deck of cards as bible, almanac and prayer book:

A private soldier, by the name of Richard Lee, was taken before the magistrate of Glasgow, Scotland, for playing cards during divine services. At the church those who had Bibles took them out, but this soldier had neither Bible nor common prayer book, and pulling out a pack of cards he spread them before him. He first looked at one card and then at another. The sergeant of the company saw him and said:

"Richard, put up the cards; this is no place for them."

"Never mind that," said Richard.

When the services were over the constable took Richard a prisoner and brought him before the mayor.

"Well," said the mayor, "what have you brought the soldier here for?"

"For playing cards in church."

"Well, soldier, what have you to say for yourself?"

"Much, sir, I hope."

"Very good; if not, I will punish you severely."

"I have been," said the soldier, "about six weeks on the march. I have neither Bible nor common prayer book. I have nothing but a pack of cards, and I hope to satisfy your worship of the purity of my intentions."

Then, spreading the cards before the mayor, he began with the ace.

"When I see the ace it reminds me that there is but one God. When I see the deuce, it reminds me of the Father and Son. When I see the trey, it reminds me of Father, Son and Holy Ghost. When I see the 4 it reminds me of the four evangelists that preached—Matthew, Mark, Luke and John. When I see the 5, it reminds me of the five vice virgins that trimmed their lamps. There were 10 but 5 were wise and 5 were foolish, and were shut out. When I see the 6, it reminds me that in 6 days the Lord made heaven and earth. When I see the 7, it reminds me that on the 7th day God rested from the great work he had made, and hallowed it. When I see the 8, it reminds me of the 8 righteous persons that were saved when God destroyed the world, viz.: Noah and his wife, his three sons and their wives. When I see the 9, it reminds me of the 9 lepers that were cleansed by our Saviour. There were 9 out of 10 that never returned thanks. When I see the 10, it reminds me of the 10 commandments which God handed down to Moses on the tables of stone. When I see the king, it reminds me of the great King of heaven, which is God Almighty. When I see the queen, it reminds me of the Queen of Sheba, who visited Solomon, for she was as wise a woman as he was a man. She brought with her 50 boys and 50 girls, all dressed in boys' apparel, for King Solomon told her that."

"Well," said the mayor, "you have described every card in the pack except one."

"What is that?"

"The knave," said the mayor.

"I will give you honor a description of that, too, if you will not be angry."

"I will not," said the mayor, "if you do not term me to be the knave."

"The greatest knave I know is the constable that brought me here."

"I do not know," said the mayor, "if he is the greatest knave, but I know he is the greatest fool."

"When I count how many spots there are in a pack of cards I find 365, as many days as there are in a year. When I count the number of cards in a pack, I find 52—the number of weeks in a year. I find there are 12 picture cards in a pack, representing the number of months in a year; and on counting the tricks, I find 13, the number of weeks in a quarter. So you see, a pack of cards serves as a Bible, an almanac and a common prayer book."

CORN AND THE SILO

The silo was about the only thing that "pulled through" some of the dairies the past year, and should be valuable experience to those who have not yet invested in one of these "pasture canners." The dairy cows need bulky, nutritious, palatable feed, and silage certainly fills the bill. The real problem in connection with the silo is to get corn that will give the very highest yield. Lowering the cost of production applies to the dairy business as well as any other manufacturing plant. By increasing the corn yield the feed cost is lowered.

One of the important means of improving the yield can be taken up at this time and that is in the selection of seed. A number of varieties are giving good results,

but a careful selection of grain should be made even though the variety be known.

Corn should be selected that is deep grained, small cobbled, well filled at butts and tips, and should be well matured. To note the points it is advisable to examine the seed in the ear, as advantage is sometimes taken by shelling. When grain is selected that conforms to all these points a germination test should be run and seed that gives a high percentage of germination should be selected.

Next Monday the Public Service commission will give the Pacific Telephone & Telegraph Co. a hearing. The company wishes to raise its rates locally. The hearing is rather a work of supererogation—as the commission will doubtless raise the rates with or without.

NOTICE TO TAXPAYERS

Notice is hereby given that on Monday, Feb. 24, 1919, the tax rolls for the year 1918 will be open for collection of taxes, and the first half of all taxes shall be paid on or before April 5 following, and the second half on or before October 5 following. Interest shall be charged and collected at the rate of one per cent per month or fraction of a month in case of delinquency, until paid. Interest at said rate applies to the first half if not paid by April 5, and to the second half if not paid by October 5. All taxes remaining unpaid on October 5 shall be delinquent, and on November 5, 1919, a penalty of 5 per cent. will be charged and collected thereon in addition to the interest herein provided.

Any day after the expiration of six months after the taxes charged against real property are delinquent, the sheriff shall have the right, and it shall be his duty upon demand to make out and issue certificates of delinquency against such property, such certificates to bear interest at the rate of 12 per cent. On, or as soon as practicable after October 5, the tax collector shall levy upon sufficient goods and chattels of delinquent personal property and sell the same to satisfy said tax, or said sheriff shall charge said personal tax against real property and said tax shall become a lien upon said real property, and shall be enforced in the same manner as other real estate tax liens.

In making request for statement of taxes, town lots should be designated by addition and lot and block number. Average should be designated by section, township and range. Whenever possible description should be copied from deed or contract. On paying second half of tax it will be necessary to return the original first half tax receipt.

Call for Personal Property Tax. Whether writing or calling at office be sure to give us a list of all property, personal or real, and if personal property is in title to others, advise us, thus saving trouble to you and to the office.

Geo. Alexander, Sheriff, and Ex-officio Tax Collector for Washington County, Oregon.

DON'T BE E. Z.

And buy a rough or hard riding Automobile. Life is short enough with all its attendant pleasures, without one adding to their trials of life by being thrown and bounced around when trying to take a pleasure ride.

Wise up, and get in touch with the E. Z. riding Overland Car. You never see a shock absorber on a late Overland.

Remember also, that the E. Z. riding qualities, are not its only virtue, it has a simple control in its quick and E. Z. starting motor, the security of its large brake drums, both foot and emergency; the full irreversible steering gear, which will not let the wheels swerve, unless turned by the steering wheel itself. The simplicity and compactness of its wiring system, reduces the likelihood of short circuits to a minimum. The carburetor is so simple that a child could regulate it. No complication to bother with, just screw up or down to close or open and regulate the mixture for your motor.

A two unit starting and ignition. Time proven, not an experiment. The motor accessible for adjustment of valves, or cleaning carbon, etc.

Deep and luxurious upholstery, and springs that remind one of using Grand-dad's cosy chair. Rear spring full cantilever.

The model 90 has spiral bevel differential ring gear, with TIMKEN bearings throughout differential and wheels. Axles of floating type, and interchangeable one with the other. Torsion tube and radius rod driven.

NOT A STUNT CAR, but one of the reliable old line make of cars, manufactured by a Company of World-wide Reputation. These cars just purr along over rough or hilly roads, getting every ounce of power out of your gas, and just ROLLS OVER THE ROUGH SPOTS AND LEVELS UP THE ROAD, in the most satisfying manner.
