

## We Vouch for Them

Of all the tires that are made, —why do you suppose we prefer to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense

facilities,—they employ many exclusive methods.

They can go to greater lengths in testing, improving and perfecting the things that make good tires.

We find it good business to sell United States Tires.

And—you will find it good business to buy them. They are here—a tire for every need.

## United States Tires are Good Tires

WE KNOW UNITED STATES TIRES ARE GOOD TIRES. THAT'S WHY WE SELL THEM.

## How Nuxated-Iron Helped Me To Whip Jess Willard And Win The World's Championship

**JACK DEMPSEY**  
"TIGER OF THE RING"  
Tells a Secret of His Training— Recommends Nuxated Iron To Every Man and Woman Who Wants To Build Greater Strength, Energy and Power

William Harrison ("Jack") Dempsey—

Although like an untamed tiger in the ring, the intensely human side of the new World's Champion is clearly shown by a remark he is quoted as making just before the big fight, in which he said: "I have telegraphed my Mother that I will win the championship and I am not going to disappoint her. I'm going to win that title if for no other reason than because I've promised her I would."

Dempsey describes here the part Nuxated Iron played in helping him to keep his promise to win the title.

\* Today recognized as the physical superior to any living man—the Superman of the Age—Jack Dempsey, Heavyweight Champion of the world, explains below the part Nuxated Iron played in helping to prepare him for the supreme test of his career. In his decisive, smashing victory over the mighty Willard who had never before been knocked from his feet, Dempsey displayed a dynamic overwhelming strength and power never before known in the history of the ring. That he took Nuxated Iron as a part of his training is convincing evidence of the importance Dempsey attached to keeping his blood rich in strength-giving iron, and the high regard in which he holds Nuxated Iron as a master strength and blood builder.

In a statement made at his training quarters in Toledo, the scene of the battle, Jack Dempsey said: "After commencing the use of Nuxated Iron during my training for the big fight with Jess Willard, I soon noticed that I could stand harder strains with less fatigue than before, and I realized that I had found a tonic and blood builder which played an important part in getting me into fine condition. Formerly I had relied solely upon strength-building foods and outdoor exercise to keep my blood rich in red corpuscles. But, with the World's Championship at stake, I felt that I should leave nothing undone that might help me to win. I was advised of the great value of Nuxated Iron for building up the blood, strengthening the nerves and aiding in keeping the body fit, and I am firmly convinced that its use has helped to wonderfully improve my stamina and energy, which come from having plenty of iron in the blood. Iron put added power behind my punch and helped me to accomplish what I did at Toledo. From the results in my own case, I feel that I am in a position to strongly recommend Nuxated Iron to every man and woman who wants to build greater strength, energy and power."

According to reports Dempsey placed himself unerringly in the hands of expert trainers and competent physicians and here, in my opinion, wherever made the suggestion that Nuxated Iron should play a part in getting Dempsey into condition is to be commended for his foresight. No man without plenty of rich, red blood filled with health-giving and strength building iron could withstand the terrific onslaughts of a giant like Willard. It should occur to every thinking person that if a man as physically fit as Dempsey should consider it advisable to take Nuxated Iron, how much more important it is for the average man or woman to see that there is no lack of iron in the blood. There is today a surprising number of persons who suffer from iron deficiency. In a man's case, or woman falls short of winning because they don't back up their manly with the physical strength and energy which come from having plenty of iron in the blood. Lack of iron in the blood not only makes a man a physical and mental weakling, nerveless, irritable, easily fatigued, but it entails where the possession of super endurance is necessary, it is in a position to every to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. To help make strong, nervous and irritable. To help make strong, nervous and irritable. To help make strong, nervous and irritable. To help make strong, nervous and irritable.

mind are derived from the blood and the blood in turn derives it from the food we eat and the oxygen contained in the air we breathe. But unless the blood is rich in iron to increase its oxygen power, it cannot develop being tissue muscle and brain or keep alive the vital forces. Strong, healthy men and women with plenty of iron in their blood are the ones who go through life with a smile, self-reliant and fearless and their dynamic power and energy make them virtually masters of their own destinies. It is surprising how many people who do not get along in life are in reality suffering from iron deficiency and do not know it. To supply this lack of iron and help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that physicians should, at every opportunity, prescribe organic iron—Nuxated Iron—in my experience it is one of the best tonic and red blood builders known to medical science.

Nuxated Iron which has been used by Jack Dempsey and which is pronounced the most valuable and healthful organic iron tonic and blood builder available. It is easily assimilated, and does not cause the sickly, sickly look, and is the most valuable and healthful organic iron tonic and blood builder available. It is easily assimilated, and does not cause the sickly, sickly look, and is the most valuable and healthful organic iron tonic and blood builder available. It is easily assimilated, and does not cause the sickly, sickly look, and is the most valuable and healthful organic iron tonic and blood builder available.
