The murderous element will find after a while that a court of last resort will mean the great heart of the people—and that heart will not listen to appeals for changes of venue.

A timid man ventures to predict that the next time the Wobblies kill three or four men that their own numbers will be decimated more than one.

In the very nature of things it was altogether too bad that one air, Aym C. York was not in the parade at Centralia, Tuesday, with his automatic and several rounds. With his charmed life and his accuracy of aim there would have been a few less murderers in the little town in the State of Washington.

The big Bolsheviks in America slander the fame of Americans in and out of season and then expect crack-brained I. W. W.'s and the little shevks to have respect for human lives and law and order. It can't be done, and some of these days Americans are going to put some of the gentry of both grades to a grand cleaning.

NEW DISEASE

A new disease has been prevalent in Portland. The patient is attacked with pains in the head, some fever, and severe bone aches. This passes, and the patient then is attacked with what is known as Lethargic Encephalitis, which is a term for encephalitis, wherein the patient sits without apparent aim and the mind works very slowly. So far Hillsboro has had but one patient.

They are up in the section where they get fine cedar, and the Obbers and Greeners know how to make them.

YOUR RED CROSS CALLS ROLL ARMISTICE WEEK

Membership Rather Than Money Is Asked to Complete War Relief.

Red Cross Chapters, branches and auxiliaries in the Northwestern Division, comprising Alaska, Idaho, Oregon and Washington, will participate in the THIRD RED CROSS ROLL CALL November 2 to November 11, Armistice Day.

Cross was fully organized in every community in the United States. Against a possible recurrence of influenza this winter and against a danger of epidemic in the future, continued universal membership in the Red Cross is essential.

4. Red Cross Peace Program Calls For Universal Support and Cooperation.

The American Red Cross is still an emergency organization. It must be realized that there is such a thing as a continuing disaster: 500,000 babies under one year of age die every year because of ignorance, thousands of mothers die unnecessarily in childbirth; it is still possible for an epidemic like the influenza to take a toll within a compass of a few weeks five times greater than the losses of war.

The Red Cross button is the most widely worn button in the world. Thirty million men and women and children in the United States now wear this emblem of countless good deeds accomplished.

There are many instances of how this button, bearing upon a white background a tiny cross, has been worn and treasured. One morning in a distant northwest county, a man whose ruddy, optimistic countenance was clothed with ruddy beard, asked the Red Cross chairman if he had another button like the one he wore.
