# CHANDLER SIX

Greatest of All Sixes

Spring'll Be Here 'fore You Know It

DESPITE conditions which greatly held back the production of automobiles throughout the early months of this year, nearly twenty thousand discriminating motor car buyers have been made happy and contented by the possession of their new Chandler cars.

Nothing could more clearly show the regard in which America holds the Chandler Six, than the patience with which thousands waited for weeks and months for their Chandlers. They waited because they knew what they were waiting for,—because they know it is worth waiting for.

Some are still waiting, but their cars are coming. December production is taking care of many orders, and January will see the great Chandler plant on a production basis unprecedented in the medium priced fine car field.

Chandler dealers will, we hope, be able to fill their orders more quickly next year, but when the first warm days of Spring come, and the country roads call, and everyone decides he wants his new car at once, there will be some waiting again.

If you want your new Chandler when you want it, place your order now. If you want to be sure of getting the car of your choice, the greatest of all Sixes beyond question, drop in and see your Chandler dealer now, regardless of what the weather may be. For "Spring'll be here 'fore you know it."

All Chandler bodies are mounted on the one standard Chandler chassis, which has made the name famous. Simple, sturdy and dependable throughout, its features embrace, as for years past, the really marvelous Chandler motor, solid cast aluminum motor base, annular ball bearings, silent chain drive for the auxiliary motor shafts, and Bosch magneto ignition.

#### NEEDS NO YOUTH GLANDS

Henry Arthur, aged 74 years, for several months the porter at the Fack Barber Shop, doesn't need any of those youth glands. Henry is "there" when it comes to dynamics and the trails of men. Altho he has reached his three-score years-and-ten, Henry embarked on another mining trip Sunday night, starting for Arizona, where he believes he has a mine that will yet make him a Guggenheim. He is going into the interior with a grub stake he has earned himself, and he says he is going to come back to old Hillsboro in a few years with a stake that will make a Klondiker a piker. Here's luck to you, Henry, "darn your old hide," and may you strike it rich and strike it quick. In a week or two you will be sleeping out in the open in old Arizona, and when you awaken in the dead silences of the night and look up at the stars just remember that in old Hillsboro there are friends who wish that indomitable spirit of yours the best of fortunes. Henry doesn't need any Ponce de Leon spring to give him pep when it comes to hunting the golden fleece.

For Sale—My place at Matson, 2 1/2 miles east of Hillsboro on S. P. electric. Own private road to highway; 6 1/2 acres, 4-room cottage; good well; chicken house; fruit. If interested, write to John J. Kelly, Sauk Centre, Minn.
