

# Look Into The Future

**S**OME SECTIONS OF THE WILLAMETTE VALLEY HAVE ENTERED into a new era—an era of success and prosperity, such as they have never before enjoyed. A success and prosperity—the direct result to industrious and intelligent labor expended in the growing of berries and fruit. This has been made possible, only, by the establishment in favored localities of factories which specialize in preserving and finding a market for these products.

Chief of these factories, in its benefits to the producer, by reason of its diversity, is

## The Canning Plant

Do you know that Hillsboro is going to have one of the Largest, Most Modern and Sanitary Canning Plants in the State? IT IS. We have started construction on a new cannery which will be completed in time for operation this season. One of which we think you will be justly proud.

We are building a cannery with a capacity far greater than the present production of berries and fruit in this district can supply.

But we have faith in Hillsboro—in Washington County. We know that its natural adaptability for diversified farming is unexcelled, and we believe that its possibilities for advancement and prosperity through intensified farming of berries, fruits and vegetables are almost unlimited. Indeed it is not a FAR look into the future to see this community one of the leaders in fruit and berry production—IF—its people will realize the opportunity before them.

Think it over—learn what is being done in other sections of the Willamette Valley. What is being done as a beginning in your own section—then set about to

## Produce

Our success or failure depends upon it. The betterment of this locality, the increase in land values—a greater income and profit to yourselves depend upon it.

THE MAN WHO RAN to catch a train but missed it would have made his connection by starting earlier. Will you likewise delay when action will bring you the greater prosperity that others are enjoying?
