If W. J. B. will now land the nomination for Mr. Hoover, we can see where Mr. Hays, of Indiana, is going to get a bumping. Mr. Bryan hasn't said yet where he will be on nomination day, but we are not to forget, and there are those who have not forgotten that the Nebraskan is some real "little old Nominator."

The Bolsheviks of Russia want trade with the United States. Something is radically wrong with the Soviet. This isn't the Bolshevik way, at all. Why don't they come and "take" it, like they do in Russia?

An eighty thousand dollar cannery isn't bad for Hillsboro, and incidentally it is no slap in the face of the entire county.

May we ask you, Mr. Groundhog, if you aren't just a trifle ashamed of "yo'se'f"?

NEWSPAPER CONSERVATION DAY PUBLICITY

More than 1,500,000 new automobiles will begin their careers in 1920, according to the estimates of automobile manufacturers. Each of these cars will require five tires—four on the wheels and a spare. This means 7 1/2 million tires, just for the new cars. Many more millions will be used to renew the tires on the cars already in use. Some will run 3000, some 5000, some 10,000 miles. How many will attain their full mileage?

That no motorist of Hillsboro and vicinity may be short any tire mileage when the time comes to replace their tires, M. P. Cady & F. E. Harttrampf, of Hillsboro, have set aside Saturday, February 14th, as Tire Conservation Day, and have secured a tire expert from the Goodyear Tire & Rubber Company, to assist in its observance. This demonstration will

be held at M. P. Cady's Garage. This is in line with the national movement that has recently been inaugurated to help motorists obtain the full mileage built into their tires at the factory.

The tire expert will point out how to keep tires well in the beginning, as well as doctor them when neglect has made them sick, and will indicate methods of tire care that will increase tire mileage surprisingly.

All of this bears on the present era of tire merchandising, which is to sell tires to as many customers as possible, and to make them satisfied customers, so that they will come back regularly for their requirements.

The idea has come to stay that tire users may come to their dealers for advice and service—and this exemplifies the finest kind of relationship that can exist between a merchant and his customer.

At the coming Conservation Meeting on Saturday, February 14th, individual attention will be given to the tire problem of each motorist.

U. OF O. NOTES

Last Friday a queer procession wended its way around the campus. Two cowed figures were pushing a wheelbarrow in which stood a white robed figure holding a set of scales in one hand and a bayonet in the other. Two other cowed figures, one of whom was Russell Morgan, walked in front of the wheelbarrow. The crier of the procession kept yelling: "Last Chance to get Justice Over the Bar."

The procession was composed of neophytes of the Delta Theta Pi law fraternity, who were doing this stunt as part of their initiation. The spectators had a lot of fun viewing this procession, but the neophytes looked as foolish as young boys wearing their first pair of long trousers. At that Russell seemed to have a lot of fun out of it.

In the evening he was given the regular initiation by the fraternity. Morgan told the writer that it was the heaviest initiation that he ever received. He is now sporting his fraternity pin. Marjorie Wells and Florence

Garrett accompanied a group of hikers to Sebies' Ferry last Sunday.

Herbert Scheidt went on a field trip with a section of the Historical Geology class Thursday afternoon.

Byron Garrett, who holds a captain's commission in the university cadet corps, has been appointed as a member of the military tribunal by Commandant Raymond C. Baird. Any delinquency of a military nature will be brought before this tribunal for a hearing.

Russell Morgan has been chosen to fill the one vacancy in the bass section of the Men's Glee Club. There was considerable rivalry for the position as it is considered quite an honor to sing with the organization.

Marjorie Wells is the latest Hillsboro student to join the Mixed Chorus. —Herbert E. Scheidt.
