MRS. A. M. WODELL

Mrs. A. M. Wodell died at Vancouver, Wash., March 15, 1920, and was buried at Cornelius, last Wednesday. She was aged 66 years, and is survived by her husband, A. M. Wodell, a son, Delmer Wodell, of Vancouver, and two daughters, Mrs. Harry Miller, of Thatcher, and Mrs. Hal Kinton, of Cornelius.

SOME LANDSCAPE

If you wish to see something beautiful on a clear day just stand in the center of Main Street and throw your eyes west to the Coast Range, beyond Gales Creek. The Blue Alsatian, nor the famous Blue Ridge, the Kautskis, nor the Sierras have anything on the purple panorama that will greet your vision. Within the scope of sight there are perhaps a hundred deer after Spring buds, and many a wreath of smoke is lifting its spiral to the blue heavens. The sight makes you feel like you want to quit town and go up into the fastnesses and be a part of the forest primeval—but the call of civilization rings in your ear and warns you to get out of the day-dream and buck up against the H. C. of L. But it's sure worth your gosh-hanged while, anyway, just to lamp those green and purple peaks, if only for a minute, even if it shall make you feel small for the nonce.

TRAIN OF 31 CARS SUNDAY

Shipments From North County
County to Increase Right Along

On Sunday a 31-car train of logs from the P. R. & N. rolled into the yards and from the scale it is said to have been the largest trainload of timber ever hauled through the county seat. Each car was laden to the limit and it was a sight to make an old lumberman chuckle. The shipments are to increase rapidly as the spring season advances.

VAMPIRE CAR

O. A. C., Corvallis, March 22.—To satisfy his desire for "vamping," a student at the Oregon Agricultural college paid \$800 and puts in 45 days. Haskell Carter, of Hillsboro, a freshman in the school of engineering, was discharged from the army last summer after more than a year's service overseas. At the time of discharge Carter stated that he would accomplish two things in the near future—graduate from the Oregon Agricultural college and build a club model roadster. He is now registered at the college and will take a four year course in order to accomplish his first desire. He has already accomplished his second desire—that of building the "Vamp." With the exception of the painting of the car, the work was all done by "Book" Carter. The painter did more than the builder in having the "Vamp" live up to its name. With a red top and violet body the car is a moving example of a real vamp.
