

LEGION POST WANTS TO HELP MEMORIAL

Pass Resolutions Asking for Conference of Committees

RUSH COMMUNITY HOUSE

Ask Every Civic Body to Send Committeeman to General Meet

Hillsboro Post No. 6 of the American Legion has issued a call to all civic organizations of the city to cooperate in formulating a permanent organization to get behind the move to erect a suitable memorial to the men who served in the world war. The following resolution was adopted at a recent meeting and their letters to the various bodies contains the same:

"Whereas: A representative gathering of men and women of this community have expressed an unmistakable desire to erect a suitable memorial to the ex-service men; and

Whereas: A committee has been appointed to take action on location of a site and gather the necessary data relative to its building; and

Whereas: We of the American Legion and representative of the ex-service men of the community, feel that we desire to enter into the activities of the movement so the present generation may derive benefits from such a building;

Therefore be it Resolved: That the Hillsboro Post of the American Legion go on record as endorsing the proposed move and appoint one of its members to act on a joint committee and that the various organizations be asked to appoint one of its members to act on said committee and that said committee members meet for the purpose of effecting a permanent organization, Monday evening, April 26, at the Hillsboro Club Rooms."

"Note: In formulating the above resolution, it is not the desire of the Hillsboro Post to be little the efforts of the present committee, but realizing that the undertaking is a big one and one which directly effects the ex-service men, it wants to assist."

The Post unanimously desires to help the citizens who are working to establish a community house suitable for a Memorial, and will cooperate to the extent of their ability. They feel that this is a matter of vital interest to them and to the civic welfare of the community and believe this plan will get results, and unify the city and county in this worthy undertaking.

NOTED PIONEER PAID FOR DEER SLAYING

But Had Never Killed a Venison in His Life—Wanted Reputation

WANTED IT OF RECORD

Bethany Lad Pays \$50 to Get it of Record he Killed a Buck

Years ago Washington County boasted a pioneer who had never killed a deer, altho he went out religiously every fall and made a try. His failure was always a matter of much humor to his friends. One day when it was out of season for deer-killing the district attorney for the then fifth judicial district was very much surprised to greet the gentleman in his office. The pioneer told him he had a confession to make and he wanted speedy court action. He swore that he had been guilty of an infraction of the law and when asked what his misdeed was said "I killed a buck deer last week." He was taken into court and pleaded guilty, paid his fine, and went about his business. Years afterward, just before he passed away, he became converted and confessed to his family that he had never killed a deer at all, but "wanted it to be of record" that he had landed at least one buck."

A Bethany boy now has it of record that he killed a deer, altho it was out of season. He paid \$50 and his three companions paid \$10 each, all being paroled on the balances of a \$150 fine each.

Frank Nolan paid \$85 for killing game birds out of season, and was paroled on the remainder of a stiff fine.

Adrian Dygart pleaded guilty to non-support and must pay \$35 per month to his wife and family or go to the pen, while John S. Bailey must pungle up \$40 per month to the lady of his house and youngsters or go the same route.

Henry Larson, charged with larceny in a store, was given 7 years at Salem and paroled during good behavior, he to report twice each month to the parole officer. Ernest Holmes was given the same sentence with the same parole. Each is, however, to pay the costs of his case.

J. Kemmer was fined \$500 for violation of the prohi law, and was paroled on paying \$125.

The grand jury, W. J. Grege, foreman, J. T. Young, E. E. Northrup, H. Bogo, W. Borchardt, John W. Winters and Leonard Brown, in session the past week, reported 22 true bills to the court.

SPUD GROWERS SEE SKY AS THE LIMIT

Prices Range From \$6 to \$6.50 Per Sack According to Quality

EVEN LOCAL SUPPLY SHORT

Tons Lost by Big Freeze Last Winter, Affecting Short Crop

Potato growers this spring have been seeing the sky as a limit in price for their production and the price today has been ranging from \$6.25 to \$6.50 per sack, according to quality. A specially fine lot brings \$6.50 per, while under quality finds ready purchase at six bones a sack.

The bulk of the crop, however, sold around \$4 and \$4.50, for that was a good price. It is estimated that there are but two or three carload lots left in the county, altho there are quite a number who have small sack lots here and there thro inability to get them to market on account of the bad roads.

The crop last year was not up to standard yield, causing a shortage in the state, and, beside, it is estimated that one-quarter of the crop harvested was frozen last winter—an experience that seldom comes to the Oregon potato grower.

As the situation now stands there is not enough supply left to satisfy the home demand, and the table is destined to be spudless in a few weeks. It is remarkable how things adjust themselves in shortages of this kind. The young lad who never liked the Irish spud is now heard to say, "Pass the potatoes" quite often, where in olden days one had to threaten to fledge him if he refused to eat of the homely viand.
