The Secret of a Superlative Tire

The whole question of a super-tire is a matter of principles. For there is nothing exclusive in the industry. No patents, no secret formulas prevent a conscientious maker from building the best.

But cost and competition modify ideals. The Brunswick idea is to pay perfection's price and get it.

That has been the Brunswick policy since 1845. And it accounts for the growing preference for Brunswick Tires. Motorists expect the utmost from a tire bearing the name of Brunswick—and get it.

You, too, will be convinced by your first Brunswick, that here is an extraordinary tire, and that more money cannot buy a better.

Better tires of their type are impossible—**or better tubes.** That we guarantee.

Try ONE Brunswick—learn how it excels.

GAILEY—RIGGS

A pretty wedding was celebrated at the home of Mr. and Mrs. J. H. Riggs, Sunday, May 9, 1920, when their daughter Lydia Jolneta was united in marriage to Harry H. Gailey, Rev. W. H. Gibson, of Carlton, officiating. Lawrence Taggart, late of the U. S. Ship Pittsburgh, was the groomsmen, and Miss Eva Emmot was the bridesmaid. Little Edna Riggs was the flower girl, and strewed roses in the bridal path as the contracting parties entered the room. Miss Berch Jones sang "O Promise Me," accompanied by Miss Florence Taylor, on the piano. Miss Belle Taggart presided at the piano at the wedding march.

The bride was beautiful in white silk, and carried a bouquet of roses. Miss Emmott carried pink carnations.

Both bride and groom are well and favorably known in Hillsboro, and they have a host of friends who tender congratulations.

The groom is an overseas man, and saw active service. He was gassed and invalided home at the close of the war.

After the ceremony a delightful banquet was served and the happy couple were driven to Portland, from which place they went to Corvallis for a short honeymoon. They will reside in North Hillsboro for the present.

Nels P. and Hans Rasmussen, brothers, departed last Saturday, for the old home at Fyn, Denmark, for a summer's visit, expecting to return here in October. The boys have been here for ten years, and like their newly adopted country, but feel that they want to see their parents and two brothers back in Denmark once more. Hans was with the famous 91st in France and Belgium, but was unable to get home, altho he was within a few hundred miles of his birthplace. They had planned to go three years ago, when the war broke and intervened. They will have the time of their lives, and expect to see N. P. Nielsen, of Buxton, who is now at Skovballing, a point just a few hours travel by boat from where the parents of the Rasmussen boys live. The Argus will make them weekly visits while on their trip.

John U. Smith, of the Chehalis Valley, was in the city Saturday. John U. is running for the legislature, a candidate on the Republican ticket before the primaries, but when he reached Hillsboro and met the oldtimers he knew when he attended P. U. he commenced to talk about old times and came mighty near forgetting that he was on the hustings. John U. was manager of a baseball team in the old days and he still retains his love for the National game.

Mr. and Mrs. O. G. Holmes, of East Portland, were out Saturday, taking their first motor ride over the new highway. While here they called on Mrs. Holmes' brother, Loren P. Jackson, and wife.

Fighting School Book Trust

Washington County spent \$41,445.00 for new school books since September, 1919. While it cost the State of Oregon \$1,035,790.00 for new school books.

Every father and mother had to contribute their share to the School-Book Trust last fall.

If elected I will help knock out this changing of school books every six years.

Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread... \$23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water... \$4.50 proof bag
