Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

TALLMAN & ELLIOTT, Forest Grove
E. L. PERKINS, Hillsboro

A. C. Mulloy, of Laurel, was a city caller the last of the week. His auto caught fire in his garage last Saturday morning, from a cause unknown, supposably defective wiring, and about twenty dollars damage was done before the blaze was discovered. The discovery was fortunate, for had it gained headway it would have wiped out the Laurel store and perhaps other property. Mr. Stevens' employee first saw the smoke coming from the machine. John Vanderwal had a policy on the auto in the Pacific States Co., and adjusted and paid the loss within a day or so.

Mr. and Mrs. Albert Kruger and daughter, Miss Emma, of Madison, South Dakota, arrived here last week, and are guests of J. H. Haas and family, who knew them before they came West. Miss Kruger is a school teacher, and has taught several years in the Dakotas.

A CARD

To my many friends in Washington County:

I wish to state that I have known Earl E. Fisher, of Beaverton, for 15 years. If elected Representative, he will make a record which no one will ever find occasion to criticize. So, friends, nominate and elect Fisher.

Yours respectfully,

O. B. Krans,
McClary, Wash.

Shingles for Hard Service

to withstand all kinds of weather must be made from good live timber, of full thickness and slowly dried. That explains why some shingle roofs wear so much longer than others. A good shingle roof is the cheapest in the end. If you're going to recover your house you'll be interested in our practical experience with roofs. It's free—get it.

Fighting School Book Trust

Washington County spent \$41,445.00 for new school books since September, 1919. While it cost the State of Oregon \$1,035,790.00 for new school books.

Every father and mother had to contribute their share to the School-Book Trust last fall. If elected I will help knock out this changing of school books every six years.

Earl E. Fisher,
Candidate for Representative.
