2ND MISSION COMES FROM PHILIPPINES

Body Headed by Senate President Quezon Reiterates Demand for Independence.

That the Filipino people are in earnest in their demand for immediate independence is indicated by the coming to the United States of a second Philippine mission to work for independence. Coincident with this announcement the War Department received a cable from Manila stating that the all Filipino legislature had adopted resolutions reiterating its plea for immediate independence.

The second mission, like the first, is composed of the leading men of the islands and will work in the United States not only for immediate independence, but also to bring about "better understanding, greater confidence and closer economic relations between the United States and the Philippines."

The mission is again headed by Manuel L. Quezon, president of the Philippine Senate, who is well known in America, having been for six years resident commissioner to the United

Senate President Manuel L. Quezon.

States. Mr. Quezon and the Hon. Sergio Osmeña, Speaker of the Philippine House of Representatives and Vice President of the Council of State, are the leaders of the Nacionalista party, which has been in power since 1907.

While Speaker Osmeña is not so well known in the United States as Quezon, he is considered one of the ablest men in the islands. Senate President Quezon recently referred to Osmeña as "the greatest Filipino since Rizal."

The personal relations between Osmeña and Quezon are probably without a parallel in modern politics. They have been the leading political figures in the islands for 12 years, yet there has never been the slightest indication of rivalry between them. Throughout their college life as well as their long political service each has refused to be a candidate for any position that the other aspired to.

During the years Quezon was the Philippine delegate in the American Congress he won the esteem and confidence of both the Republican and Democratic sides of the chamber. Whenever he spoke he was assured of a good attendance. One of the official short hand reporters once declared Quezon used the purest English of any member of the House.

Osmeña, as president of the Nacionalista party, is the leader of the national movement for independence. "Osmeña is the premier 'de facto' of the Philippines," said a leading Filipino

Both Osmeña and Quezon have been consistent advocates of Philippine independence, yet when the occasion demanded it they have never hesitated to champion the cause of America's good intentions toward the Filipino people.
