Small Cars—and the Declining Cost of Tire Mileage

You are aware, of course, that during the last ten years, Goodyear has been able steadily to increase the amount of mileage built into its tires. Do you realize, also, that this increase has been accomplished without extra cost to the user—that Goodyear Tires are priced no higher today than in 1910?

In no tire in the Goodyear line is the declining cost of mileage more evident than in the present 30x3-, 30x3½- and 31x4-inch size Goodyear Tires made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—get the exceptional worth and endurance that Goodyear builds into them.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
 30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50
 30 x 3½ size in waterproof bag
