WITNESS the matchless warmth of the woolly fabric that goes into Lackawanna Twins Underwear. No shivers and chills in the little body that snuggles into this innerwear so smooth to the skin, so snug, yet yielding to the play of limb and muscle.

The workmanship is worthy of the fabric, as evidenced by the trim, enduring character of buttons, buttonholes and seams. Pre-shrinking avoids tub-shrinking; sterilization in live steam makes Lackawanna safe for the wearer.

Underwear for Boys and Girls from BIRTH TO SIXTEEN

Most shops carry Lackawanna Twins Underwear in various styles and in quantities to suit every requirement of service and price.

Hare, McAlear & Peters this week filed a case of divorce wherein Josie Graap is plaintiff against Julius Graap. They were married in Portland in 1910 and have a minor daughter, Norrine, aged 8 years. The wife says that the husband pursued a long term of abuse, constantly nagging her, threatening her life, etc., and that one time he choked her into insensibility. For two years he has failed to contribute to her support altho she says he boasts that he makes 14 bucks a day. She asks no alimony, but wants the custody of her child.

TOO MUCH ARGUMENT

The argument is still on as to whether Will Schulerich or his son, Frank, killed that deer in Southern Oregon, both having shot at the venison, and there being but one bullet hole in evidence. As they both had the same calibre guns, of course each claimed the buck. A short time afterward to prove he was some shot and had the certificate for the deer, Bill clipped off the head of a red-headed woodpecker. "There," said Bill, "you can now see who killed the buck." A few minutes later Frank took sight on the head of a snow-bird and clipped it off as neat as a cheese knife would, and retorted, "Well, dad, you'll have to shoot at something smaller than a woodpecker before I'll give in that it's your venison." And father and son are still arguing.

Goodyear Tires for Small Cars Are Popular Because Economical

There is nothing but disappointment in buying cheaply made tires that are announced as wonderful bargains at a few dollars each and then fail after brief terms of service.

Get exceptional mileage at exceedingly low cost in Goodyear Tires, of the 30 x 3-, 30 x 3 1/2- and 31 x 4-inch sizes, built of Goodyear-selected materials and with Goodyear skill and care.

Due to their precise manufacture in the world's largest tire factory devoted to these sizes, their quality is most economically produced and therefore most economically employed.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; ride farther and fare better.
