

## SHUTE SAVINGS PUTS IN FINE ALARM SYSTEM

**Destructive Safe Cracker Can Not Get in Vault Without Detection**  
**FINEST PLANT IN MARKET**  
**Protection Given to Half Million of Securities in Safety Boxes**

The Shute Savings Bank has installed a modern safety appliance for the protection of its vaults against the intrusion of the feeble bank robber who knows he cannot get into the safe containing money, but who often appreciates the fact that safety deposit vaults often hold thousands of dollars in securities that can be sold in the open markets a few hundred miles distant. Appreciating the fact that the customers of the Shute Savings Bank have over a half million dollars worth of such securities in safety deposit boxes, President A. C. Shute and the board of directors concluded to install the latest word in burglar alarm system for their protection. This had been accomplished, and no man can get into the vault without a general alarm being given—an alarm that will run for six hours straight without interruption. It doesn't matter how wires are cut, or how the burglar proceeds, he is going to meet with an alarm. He can force the bank attaches into the vault—and he will still have to cope with that alarm. The system is an expensive one, but it is worth the expenditure. Day or night the alarm is always ready to work "overtime," and there is no evidence which can be detected by Mr. Burglar that a system is installed. He would know it only when pandemonium would break loose in several different places, close to and far removed from the bank.

The Washington County Bankers will meet in Hillsboro, October 26, and any time after four o'clock of that day anyone interested can be present and see the system at work. The gentleman who installed the plant will be present to show the workings of the mechanism.

The installation of this protective alarm system is but one of many modern improvements the bank has instituted to protect its patrons.

## NOTICE TO TEACHERS

The Teachers' Annual Institute for Washington County will be held at the High School building, in Hillsboro, October 27, 28 and 29, 1920. The sessions each day will begin promptly at 9:00 a. m. Sec. 75, page 33, Oregon School Laws of 1919 provides that all teachers of the county are required to attend the institute and that they shall receive their regular pay for the days that they attend.

All the sessions of the institute are open to the public and those interested in education are assured that much of the program will be of interest to them even though they may not be teachers.

N. A. Frost,  
County School Superintendent.

Judge Geo. B. Bagley, who is holding court at Tillamook, spent Sunday here with his family, returning Monday morning. The judge says that in all his 35 years in Oregon, he never has seen the equal of a rainstorm which visited Tillamook the last of the week. He says the streets ran rivers, and the rooftops were as large as the eggs of a "mongoose," and as thick as the proponents of Trotsky and Lenin in Russia while they were at the height of their power. He came over here to spend a day where the rainfall is not so heavy, and ran into a mighty fine storm on his arrival.

Ranch for sale: Ranch of 13 acres, all cleared; good house of 6 rooms; good barn; fair out buildings; lays level; good rich soil; on milk route and mail route; telephone line; quarter mile to school; 1 1/2 miles to either Catholic or Lutheran church. The place is near Cornelius. Will give some terms.—Adam Bell, Boring, Ore., Route 3; telephone 111.

Many have forgotten the fact, but there is a little matter of \$17,151.88 in the building fund left from the levy which put up the new addition to the court house. At the time the fund was created it was expected that the old structure remaining would be torn down and a new building put up to take its place, but the budget meeting following decided otherwise.

W. W. Hostetler, who with his brother-in-law, W. W. Anderson, lives at Broadmead, where they run the Broadmead farm, which they bought a few years ago, says they have between 300 and 400 acres yet to seed. The Broadmead place had a fine crop this year, and the boys threshed nearly 12,000 bushels of wheat.

**For Sale**—Vetch and oat seed, cleaned and ready for seeding.—R. J. Schwanke, Cornelius, R. 1; near Shefflin Station. Phone, Hillsboro, 8R16. 33

D. B. Reasoner, who has been running the Hazledale quarry this season, is watching the barometer these days, and says he is praying for at least a month of good weather before Winter sets in.

Wm. Meierjergen and Ben Sabnow, of near West Union, were in Hillsboro Saturday afternoon, saying all sorts of things about the weather man.

**For Sale**—Four-horse Fawn drag saw.—Louis Schmidt, Hillsboro, Ore., R. 1. Near West Union. Phone 37R7. 35

Henry Harris, of near Cornelius, was in town Monday.

## MEASURE MAKING TERM OF OFFICE FOUR YEARS

**Affects 5 County Offices—Clerk, Sheriff, Surveyor, Treas., Coroner**  
**TO AMEND ORGANIC LAW**  
**Measures 308 and 309 Would Amend Constitution of the State**

Initiative measures Nos. 308-9, if carried at the November election, would make the terms of office of five county officials last four years instead of two years as at present. The measure entails a constitutional amendment. It is argued that with a term of office fixed at four years capable men would not shy at running for a county office, and it is further argued that it will do away with a considerable election expense.

Business men generally support the measure, for with the recall on the statute books unworthy officials would no more be kept in office under a four year term than with a two year term. They now no more than get settled than they must start another campaign for re-election.

Governor Olcott and Supreme Judge Brown, late of the attorney-general's office, say of the measure:

"We endorse constitutional amendment fixing term of certain county officials as it relates to the clerk and sheriff, for the reason that it is in the interest of well-trained public officials.

Sam Kozar, secretary of state, says: "I am heartily in favor of the proposed constitutional amendment extending the terms of county sheriffs, county clerks and county treasurers to four years. I believe that the endorsement by the people of this amendment is in the line of progress and will result in more efficient administration of the duties of those offices. The term of office at present is hardly of sufficient duration to enable an official to acquaint himself with the duties thereof before he must seek re-election. A longer term of office, to my mind, tends toward the more efficient performance of the duties of the office by those whom the people may select therefor."

## MEIER-DYSLÉ

The marriage of Miss Emma Dysle to Albert Meier, both of the community of Bethany, was solemnized Tuesday evening, Oct. 12, 1920, at the home of the bride's mother, Mrs. L. Dysle.

The service was read by Rev. K. J. Stratemier, of the Bethany Presbyterian church, in the presence of immediate relatives of the bridal couple. The bridal party formed under an improvised bower of Autumn leaves accompanied by the strains of "March Nuptiale" with Miss Marie Meier at the piano.

The bride was becomingly attired in white crepe de chine worn with a veil of tulle caught by a coronet of orange blossoms, and carried a shower bouquet of white carnation. The attendants were Miss Bertha Dyale, sister of

the bride, and Edward Meier, brother of the groom.

Following the ceremony, dinner was served in the dining room which was appropriately decorated with Autumn leaves and dahlias.

The bride is the daughter of Mrs. Louisa Dysle, and has been active in social and musical activities in the community where she has won many friends.

The groom is the son of Mr. and Mrs. John Meier Sr., and has likewise won the esteem of the entire community. He has been active in young people's work the past year, holding the office of president in the local society of the Presbyterian Church.

Mr. and Mrs. Meier will reside on the groom's farm near Beaverton.

## ARMISTICE DAY

Hillsboro Post No. 6, American Legion, has sent out the following letter to members of the Post and service men generally:

"The Hillsboro Post, at its last meeting, appointed a committee to arrange for the 'doings' on Armistice Day, November 11, 1920. We have met and talked over plans and have decided to feature a uniformed parade. This decision was reached after consulting 32 members who said they would put on the uniform and turn out. You will agree that we have been 'dead' and that we must do something. This is the least we can do in memory of 'those who died in Flanders Field.' Although none of us is anxious to put on a uniform, all agree that this will make a most impressive setting for the day. We have several other details to enlarge upon and will make the day a success if you 'do your bit.'

Sign your name to the enclosed card and mail at once.

Definite plans will be announced at the next meeting—November 2. Officers will be nominated for next year at this meeting. Be present.—Committee."

September and October have so far been trying days for the onion growers. Hardly had the crop been pulled when the rains started and kept everlastingly at it. The onions have had no decent weather for drying and bright weather is ardently a necessity.

Theodore Bernards, of Verboort, and John Herb, running the Manning quarry for the county, were in the city Monday on legal business.

## VERNONIA TO OPEN A BANKING HOUSE

**Will be Ready for Business in Short Time**

## BIG PINE SALE IN SOUTH

**Two Fifty Per M. Paid for Big Timber Tract**

Vernonia, on the Nehalem, for many years the Mecca of Hillsboro fishermen, is coming to the front. It has established a new bank, which will be ready for business in a few days.

For the first time in many years Portland is exceeding Seattle in exports in shipping in marine circles—and this notwithstanding Seattle has the Alaskan trade nailed down. For many years The Argus has contended that Portland is the natural port for the agricultural northwest and with the death of Mossbackism there will be a great seaport within 45 minutes of Hillsboro.

Klamath Falls—1,000,000,000 ft. fourth thousand acres, pine sold for \$2,500,000.

Corvallis—Local committee raising \$150,000 for new hotel. A shland—Manufacture of acorn and sycamore hats pins started.

Hood River apple crop suffers from labor shortage. Owing to decline Linn county growers will sell 10,000 pounds peppermint oil at \$6.

Newport high school has established a course in millinery. Hood River—First exclusively tourist hotel being built overlooking the Columbia gorge and falls of Phelps creek.

Stanfield shipping two carloads apples daily.

Eugene raising \$10,000 for Lane county development fund. Klamath—New court house to be used as school until Fairview school is completed.

Corvallis—Ten acres of irrigated land yield 5 1/2 bushels of wheat to the acre.

Burns—Sunflowers yield 54 tons per acre in Harney county. Vernonia—New bank here about ready for business.

Corvallis—Road contract let for rocking of Wren-Blodgett "cut-off" on the Newport road. Milton—Free mail delivery now in operation.

Vale—Large onion crop near Vale winner at Fair.

McMinnville—\$50,000 cannery completed here.

Oregon crop of hops estimated at 50,000 bales. Eugene—Plans being made to build big speedway for motorcycle racing.

Condon—Improvements commenced on Standard Oil Co. garage, office and concrete driveway being constructed.

Nyssa—One carload of apples being shipped from here daily. Investigation shows 4,506 Japanese in Oregon.

Cities are increasing in population seven and one-half times as fast as rural districts. The people are leaving the farms because there is no adequate labor supply to profitably handle production from the soil.

Riddle—Umpqua valley milling company, plans to erect transformer which will furnish light to entire valley.

## A Monstrosity

The Astoria Budget may be credited with a striking and homely illustration of the utter fatality of the 4 and 5 per cent. interest bill. It is:

"Would law prohibiting fishermen from selling salmon in Oregon for more than 5 cents a pound compel them to sell for 5 cents? It would not. They would market their salmon in Washington, where higher prices were offered. No more, either, will a law limiting the legal rate of interest to 4 and 5 per cent. compel lenders to put out their money in Oregon. They would send it across the border, where they can get 7 and 8.

Economic law is not concerned with state lines. No mere state statute can repeal it. But it may do great mischief. That was what was intended, no doubt. It is inconceivable that so bald and gross a monstrosity was put on the ballot in good faith."

## TO THE PATRONS OF THE FOREST GROVE NATIONAL BANK

FOREST GROVE, ORE.

The initiative measure which will be on the ballot in November, known as the CONSTITUTIONAL AMENDMENT FIXING LEGAL RATES OF INTEREST IN OREGON, and limiting legal rates of interest at 4 and 5 per cent if passed, will deplete loanable funds in the State. Its passage will seriously cripple industries of all kinds and affect every individual in the State. The Federal Reserve Discount Rate ruling at present is 6 per cent.

If a 4 or 5 per cent limit on loanable funds is fixed by law, it is obvious that mortgage loans could not be renewed or extended and money would be withdrawn from this state and seek higher rates which prevail elsewhere.

If banks are compelled to loan money at 4 per cent it is self-evident they will be unable to pay any interest on savings accounts. This is of such importance to you and your interests that we feel justified in bringing the facts to your attention.
