

"Here's Real Tobacco" says the Good Judge

That gives a man more genuine chewing satisfaction than he ever got out of the ordinary kind. Smaller chew, lasts longer—so it costs less to chew this class of tobacco.

And the good, rich tobacco taste gives a world of satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles

W-B CUT is a long fine-cut tobacco
RIGHT CUT is a short-cut tobacco

O. A. C. NOTES

Corvallis, Ore., Dec. 13—Twenty-five students from Hillsboro and vicinity are registered in courses at O. A. C. Every school in the college has some Hillsboroite in it, no matter whether vocational, rook, sophomore, junior or a dignified senior.

The Delta Kappa fraternity is the home of seven men from Washington county's capitol. James Mahon, the only senior from Hillsboro in the house, graduates this year in civil engineering. Mahon is a member of several engineering societies. Haskell Carter is registered as a sophomore in mechanical engineering. He is a member of the Crip club, an organization composed of men who were wounded or disabled in the late war.

Charles Deichman, also a member of Delta Kappa, is in his second year in electrical engineering. Francis Rollins is a member of the sophomore class and is taking mining engineering. Rollins is the Delta Kappa representative in the Men's Union, an organization composed of men from every house on the campus.

He is also a member of the Miners' club.

William Dierdorff, sophomore in agriculture, is a member of the Delta Kappa fraternity. He is a student in journalism and has been writing "farm pointers."

Two Hillsboro men in the Delta Kappa house taking commerce are Verne McKinney and Lawrence Taggart. McKinney is a member of the staff which publishes the Barometer. He has also written articles for the Commercial Print, a directory of the students. Taggart is in his first year at the college. "Okey" playing guard on this year's rook football team and is now making a strong bid for a position on the basketball quintet. He is not eligible for varsity teams this year, but it is expected that by the time 1921 has rolled around he will be the proud possessor of an orange "O."

Earl Caudle, graduate of Hillsboro high in 1916, is a senior in chemical engineering. Charles Boge is another senior who is a graduate of Hillsboro high. Boge is a member of several engineering societies and also a pledge to Sigma Tau, a national honor-

ary engineering fraternity for up-perclassmen. He is taking mechanical engineering.

Carl Bechen is registered as a junior in agriculture. Bechen is a member of the Ag club. Mabel Black, a pledge of the Sigma Kappa sorority, is a junior in commerce. Another representative of Hillsboro's fair sex is Estella Asbahr, a rookess in home economics, and a pledge of Sigma Kappa.

Hillsboro high has a representative in an oldtime interscholastic football star, Claire (Chub) Wilkes. Wilkes is an instructor in farm management in the school of agriculture. He is also "house daddy" of the Delta Kappa fraternity.

William Courtney is registered as a vocational, and is specializing in manual arts. Another Hillsboro ex-service man registered in mechanical engineering is Dan Emrick, a member of the class of 1923. Dan Erwin is another "gob" in engineering, but he is going to be a civil engineer. Erwin is also a member of engineering clubs.

Irma Helm is a co-ed from Hillsboro, taking home economics. She is a freshman. Her brother, Owen, is studying to be a horticulturist, and is registered as a vocational.

Arthur Kroeger is vice-president of the Radio club and a member of the sophomore class, who is catalogued as being a mechanical engineer. Leslie Poole is also a graduate of the local high school and a mechanical engineer. He will complete his course in 1922.

Clair Sample is registered as a special in the school of agriculture. Sample is a member of the Crip club and is being sent to college by the federal board in compensation for the disability received during the war. He is playing on one of the intramural basketball teams.

Mechanical engineering seems to be the favorite among students from Hillsboro, for another student registered in this course is Victor Wohler. He is a junior, having been in college during the S. A. T. C.

Hugh Farnham is specializing in agriculture under the direction of the federal board for rehabilitation. Farnham is a member of the Crip club and also represents the college on the federal stock judging team. His wife is a special in home economics.

George VanAcker, formerly of Cornelia and a graduate of Hillsboro high, is a sophomore in electrical engineering.

—W. V. McKinney.

O. A. C. SPORTS

Oregon Agricultural College, Corvallis, Oregon, December 9.—The Delta Kappa fraternity, of which several Hillsboro men are members, won its first basketball game of the intramural series from the Wahkeena Club by a score of 11 to 7.

Lawrence "Okey" Taggart played center on the fraternity team and was responsible for five points. Francis "Mut" Rollins, captain of the team, played forward and converted the remainder of the points secured by the Delta Kappas.

Every campus organization is represented by a team in these intramural series, and they are divided into groups composed of two national, two local, and two independent leagues. The winners of each league plays the winner of the other league for a plaque. The college championship five receives a cup.
