One can't help wondering at the wonderful sagacity of those members of Congress who keep up the antiquated bowl for the tariff while fearing to shut out the flood of cheap labor coming from European shores on every boat. Putting on a tariff to protect "the labor element" and keeping open the gates of Ellis Island to competing labor to cheapen the wage scale is one of the paradoxes of high statesmanship.

Editor Chapman, of the Voter, who is a member of the Third House, at Salem, has been running the gauntlet this session. Chapman generally stands in with the "big fellows" and pretends to be a supporter of clean legislation at the same time.

John Freudenthal, of Newton, was in the city Saturday.

The legislature has passed an enabling act permitting Washington County to pay benefit to Francis Willard Taylor, of near Scholls, who several years ago had his arm injured at the rock crusher. It appears that the young man had no case in court as the accident was the result, clearly, of his own negligence, hence the enabling act. The boy is crippled for life.

Fairfax Camp, Royal Neighbors, of Hillsboro, raffled a silk quilt last Friday evening. Ralph Deaville holding the lucky number. A large crowd was in attendance and dancing was enjoyed until eleven, when the baskets were auctioned. Mr. Buckland was auctioneer, and he made a hit with his audience. After supper dancing was resumed until a late hour.

A basket social and program will be given at Firdale School, D. T. 25, Saturday evening, Feb. 19, for the benefit of the school. The program includes a play, "Hans Von Smash," by the young folks of the district. Everybody welcome. Ladies please bring baskets.—May E. Leksander, teacher.

Hatching eggs from select two year old White Minorca hens, heavy laying strains, mated to Tanager cockerels—eggs, \$1.25 per 15; and \$7.00 per hundred. Have a few choice breeders for sale at \$2 each.—George W. Moore, R. 3, Hillsboro. Phone North Plains, 38F11. 49-8

NURSE GETS CAR

The County Health Association is feeling just a wee bit "chesty" these days, for on Wednesday it was able to turn over for the use of its nurse, Mrs. Smith, a brand new Ford car.

True, the car isn't all paid for, but through the generosity of those who responded to an appeal for funds for its purchase, the sum of three hundred dollars was paid down on it, which with the thirty dollars donated by Mr. Erickson, agent, and the two or three hundred dollars to be turned back by the State Tuberculosis Association as Washington County's share of the Christmas Seal sale, puts the Association in a fair way of soon owning it in fee simple.

Of course, if you are one who meant to send in something toward the purchase of the car and just let it slip your mind, don't feel that it is too late, yet, to do your bit. Besides the payment on the machine there are incidentals of the office to be met and your contribution will be most welcome.

On next Tuesday, at 2:30 there will be a meeting of the County Executive Committee in the Hillsboro Library. The committee consists of Mrs. L. W. Hyde, Hillsboro, president; Mrs. A. B. Todd, Forest Grove, vice president; Mrs. C. W. Rollins, of Hillsboro, secretary and treasurer; Mrs. Glen Stapleton, Gaston, chairman Nurse Committee; Mrs. M. H. Stevenson, chairman Supply Committee; Miss Bailey, chairman Publicity Committee.—Co. Health Ass'n Reporter.

George Hathorn, who has been spending a few days at Laurel at the W. N. Hathorn home, was in town the last of the week, greeting oldtime friends.

Next Monday is St. Valentine's Day—where, oh, where, are those terrible comics we were so prone to send out to our friends and enemies in the olden days!

Sam Stephens is keeping his right ear tilted heavenward these days, trying to hear the honk of the wild goose going north—Judge Henry McGinn says that he was that way even when he was a boy.

For sale: Hatching eggs, baby chicks, and cockerels from Trapped White Leghorns and Rhode Island Whites. If you keep poultry for eggs get stock with production pedigrees. Every individual in our breeding pens has a high production pedigree and all have passed a rigid inspection for vigor. Catalogue free.—Fred F.
