SERIES 21 SPECIAL-SIX SEDAN

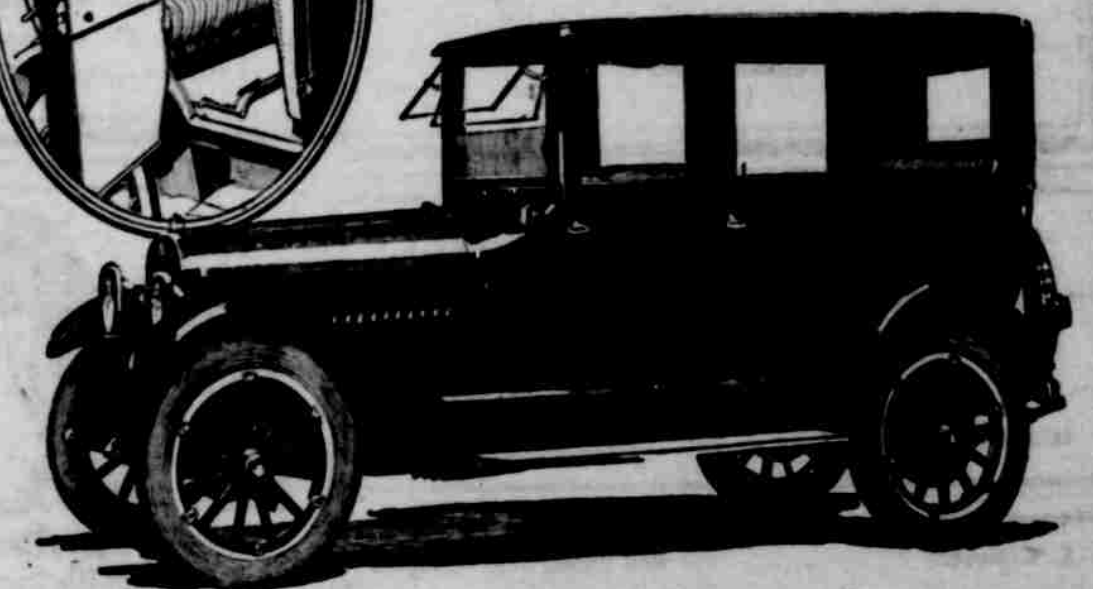

Judge this Car by Performance

ITS performance in owners' hands puts the SPECIAL-Six Sedan in a class by itself among cars of the enclosed type. Trace this wonderful performance to its source, and you will find a motor of great power, economy and flexibility—a motor which utilizes every particle of fuel, operates satisfactorily on poor grades of fuel, and delivers its power without waste to the rear wheels.

Everything that would add to comfort and convenience—to protection and utility—has been provided in the SPECIAL-Six Sedan. Appointments are complete—and of uniformly high quality throughout.

With unexcelled manufacturing advantages it is only natural that Studebaker can offer cars of sterling high quality and performance at extremely moderate prices—thus making them the most exceptional values on the market.

The commodious interior of the tonneau is indicated by this view. Plenty of room for three adults to stretch out comfortably—deep, soft, durable plush upholstery.

The manufacturer of **Your car** recommends—

The crankcase should be thoroughly drained and flushed at regular intervals. Refill with fresh oil. —from the Book of Instructions.

This recommendation is made to prevent rapid depreciation of the engine caused by road dust, carbon, fine metal particles and other impurities, which accumulate in the crankcase oil and circulate through your engine, impairing its efficiency and ultimately leading to avoidable repairs. However, these important instructions are often disregarded; cleaning the crankcase is a job generally disliked.

To meet this need, Modern Crankcase Cleaning Service has been established by first-class garages and other dealers, co-operating with the Standard Oil Company. This ingenious and efficient use of Calcil Flushing Oil—the scientific agent that cleans out old oil, dirt, grit and other impurities, and does not impair the lubricating efficiency of fresh oil used. The cleaned crankcase is refilled with the proper grade of Zerolene.

Look for the garage or dealer displaying the sign shown here,—it means, "Better operation and longer engine life," a service promptly given at a nominal cost.
