

## FLYING SQUADRON TO VISIT POST NO. 6

In Hillsboro, at the Legion Hall, Tuesday, April 5

## ACT ON SERVICE PROBLEMS

All Ex-Service Men, Whether Members or Not, Invited

The Flying Squadron of the Department of Oregon, of the American Legion, representing the various governmental departments which deal with ex-service men, will be in Hillsboro on Tuesday evening, April 5th, and will meet with the legionnaires on the occasion of the regular monthly meeting of the Hillsboro Post No. 6. All men, whether members of the Legion or not, are urged to be present, as matters of vital interest to all service men are to be discussed.

In the party from Portland will be Edward J. Eivers, Department Adjutant, who will talk upon the organization of the bonus campaign; Frank Eivers, of the Legion's Service Department, who will assist the men in untangling many of the claims held against the Government; Cliff Wood, the popular representative of the Bureau of War Risk Insurance, who takes up insurance and compensation difficulties, and Sgt. Lewiston, field clerk of the United States Army, who will attend to the securing of Victory Medals for the men. There is a possibility that a representative of the United States Public Health Service will also be included in the party to give medical attention and advice to the disabled men. The officers of the local post have been in communication with the Department office, and are using every effort to have the Public Health doctor present for the evening.

The meeting will be held in the new Legion Hall, and all ex-service boys will be welcome, whether they have membership in the Legion or not. The whole program has been arranged in keeping with the avowed purpose of the Legion which includes wholehearted service to all comrades.—Zenias Olson.

The big 625 foot wireless tower at Hood, below Newton, will soon be under construction and rapidly pushed to completion. W. C. Couitts, of Couitts & Son, San Francisco, has arrived with the crew and the big steel frame will assume proportions at once. Mr. Couitts is recognized as one of the best structural steel workers on the coast, and he will have as his assistants John Eastman and Gus Mays, of Portland, experienced steel workers. The entire crew is "laying on avoidupois" at the boarding house conducted by Mr. and Mrs. Frank McCarthy, and they soon will be doing the "human fly" act with the big steel beams. They have just finished a like tower in California. The huge foundation has been completed under the supervision of C. E. Fields, an efficient construction engineer.

We start in the basement and finish with the chimney. Ready to move in when we move out. We handle all details and save you 20 per cent by our special unit system.—Fancher-McLean Co., Building Contractors, 308-9-10 Lewis Building, Portland, Oregon; E. M. Massey, Tualatin Valley Agent, Beaverton, Ore.

Real Oregon sunshine smiled on Easter bonnets Sunday and the cerulean blue lined the dome of Sol's domain all day long. There were many pretty bonnets in the churches—and old Plusius must have had a grinch on because he was unable to sprinkle the tiniest decoration on "mildy's lid." And right here is the time to remark that no one is worrying about it "raining for seven Sundays." The day was beautiful and hundreds of machines lined the highways.

Hatching eggs, Tom Barron strain, S. C. White Leghorns, \$1.50 per setting of 15, or \$8 per hundred. From 2 year old hens mated to young, vigorous cockerels.—E. C. Lamb, Hillsboro, R. 1, Box 5. 2-4

Wm. Tupper, of Oak Park, on Monday shipped a White Minorca blooded rooster to C. H. Twining, of Denver, Colo. A few weeks ago he shipped a bird to New Mexico. This is what prize winners do for a man.

For Sale: Twelve colonies of Italian bees; bees are in healthy condition and in modern hives.—Elmer Boge, Cornelius, Or., R. 2. Six miles southwest of Hillsboro. 2-4

The Farm Bureau and County Agent office has been moved from back of the National Bank Building to the third floor in the rear of the court house. The county court has provided good quarters in the new location and they are permanent, and will not be unhandy when people learn where they are.

John Merz, of Helvetia, is of the opinion that he lives in a mighty fine neighborhood. John was injured by a stump puller a few days ago, and his neighbors went out, headed by John Freitag and S. Hershey, and before they quit they had nearly three hundred dollars collected. His neighbors also went over and cleared up a couple of acres of land ready to crop, and they say they will see that his Spring seeding and planting is done while John is convalescing. As Merz has a big family this neighborly demonstration naturally warms the cockles of his heart. The Swiss Society of Helvetia is also lending a hand as well as the big Swiss Society of Portland.

## VALLEY LEAGUE OF SIX TEAMS TO FORM

Hillsboro to be in Basenall Association Again This Season

ELEVEN GAMES AT HOME

Aside From the Fourth of July Games, to be Handled Locally

The Willamette Valley Baseball League will be formed for the 1921 season, with six teams in the membership. The Hillsboro team, Sherwood, the Kirkpatrick and the United Artisans, the last two teams being from Portland, form the quartet already agreed and two more teams will be added. The League will apply for admission in the Interstate League Baseball Association. The Valley League, however, will have its own organization and officers.

The season will start May 1 and close August 7.

A meeting was held at Sherwood Sunday, Fred Sewell representing Hillsboro, and at that time the four teams signed up as a nucleus.

Eleven games will be played at Hillsboro aside from the July 4th games, which will be handled locally. H. T. Bennett will manage the Hillsboro team, who will be backed by the business men of the city. Players who are trying out for the Hillsboro team are Kreitz, catcher; Gray and Foster, pitchers; Palfrey and Mitzke, 1st base; Jensen, D. McCurdy, G. Henderson, H. Batchelar, E. Burkhalter, I. Erwin, H. Schulerich and J. Correiri.

J. E. Reeves, chairman of the Hillsboro Club baseball committee, has raised quite a sum among the Hillsboro Club members and the business men to finance the team in the way of uniforms and outfit, and it looks as though we will not have to go away from home to see a good ball game.

Meeting is Called  
A baseball meeting will be held at the Hillsboro Club rooms, Friday evening, April 1. All players are requested to be present. E. Dillon.

## BILYEU VISITS

Thos. Bilyeu, former Hillsboro resident, now manager of the Astoria Marine Iron Works, accompanied by his associates, W. A. Viggers and J. R. McKinney, visited the county court here yesterday to take up the matter of supplying rock crushers, heavy road machinery, screens, graders, concrete mixers, elevators, roller wheels, etc. Mr. Bilyeu argued that if he could get the business his plant can turn out enough road machinery to supply Oregon, thus leaving the money at home. The plant worked through the war, and since hostilities ceased has remained idle. It is finely equipped and wheels will be turning in a short time if the company can get enough orders pledged to justify starting up. This is exactly what Oregon must begin doing—manufacturing and selling the product at home. This will mean a bigger and better Oregon, and considering the freight rates from the East, local plants should be able to give the Eastern firms a run for their money. The motto, buy at home when you can, is a good one. If you can't buy at home, buy in your home state. Bilyeu is a finished engineer, and if anyone can make things go, he will.
