BEE KEEPERS MEET

A meeting of bee keepers was held April 23rd, at the farm of Herb Schulmich, three miles south of Hillsboro. H. A. Scullen, Bee Specialist of the Oregon Agricultural College, gave discussions and demonstrations on the control of bee diseases, such as European foulbrood, which is found to be quite prevalent in parts of the county.

For the purpose of holding further meetings of bee keepers to discuss methods of disease control, a temporary organization was formed, with John Behrman, of Cornelius, chairman, and Phil

ip Petriquin, of Orenco, secretary. It is expected to hold several meetings for bee keepers in July in different parts of the county.—Co. Farm Bureau.

For Sale—Span young mules, full sisters, 4 and 5 years; 2200.—W. J. Enschede, Hillsboro, R. 4; 3 miles East of Hillsboro, on Hawthorne place. Hillsboro phone, 3482. 7-9

Ed Demmin caught two trout in the Bissner ditch, South Taalatin, the other day, both of which were in the Rainbow class. One measured 14 and the other 16 inches.

DR. R. C. YENNEY

Dr. Robt. C. Yenney, well known Portland physician, died in his rooms in his office Sunday night. Dr. Yenney was aged 53 years and was a native of Walla Walla County, Wash. He was one of the best known physicians and diagnosticians in the Northwest, and made frequent trips to Hillsboro in consultation with local physicians. He was here a few weeks ago, consulting with Dr. E. H. Smith in the case of the late County Commissioner Carstens, and was again here last Saturday, when he met in consultation with Dr. Smith in the case of Mrs. Wm. Tolke, of above Banks.

Dr. Yenney was the organizer of the 46th base hospital corps, which went to France from Camp Lewis. He was also in charge of the Vancouver Hospital during the Spanish-American war.

His remains were shipped to Walla Walla for burial. His death is a matter of genuine regret to medical circles and a host of friends mourn his loss.

WANTS DAMAGES

William Busby, of Aloha, has sued M. L. Swift, asking a jury in circuit court to award him \$3350 damages as the result of a court action wherein Swift swore to an information charging Busby with cutting and removing trees from his place without authority or warrant of law. The case was heard in court here and Busby was at once discharged. In his complaint for damages Busby says he and Swift entered into an agreement wherein Busby was to clean off some land in Beaverton-Reedville, and he was to have the cordwood. Before the work was done he says Swift ordered him off the place and would not even let him get his tools away. Because of this and because the information was sworn to causing Busby expense and humiliation, he wants \$3000 punitive damages and \$350 for other expense and loss, \$75 of which was for an attorney to defend the case brot by Swift.

To the motorist who has quit guessing about tires—

ALONG about this time of year a man finds his motoring neighbors getting anxious about their tires. With folks expecting old tires to "pop" any minute, there comes the question of what kind of new ones to buy. U. S. Tires are answering a lot of questions like this nowadays.

The U. S. Tire following embraces two kinds of tire buyers.

Those who started with quality first, and have never bought anything else but the quality standard tire.

Those who came to quality first only after dabbling with "bargains," "rebates," "job lot" and "surplus stock" tires.

Getting one hundred cents value on the dollar in tire buying is a straight-forward business proposition—not guess-work or a game of wits.

The most essential man for you to know today is the local U. S. Tire dealer who is concentrating on a full, completely sized line of U. S. Tires.

He gets his U. S. Tires straight from his neighboring U. S. Tire Factory Branch—one of 92 such Branches established and maintained all over the country by the U. S. Tire makers.

He is the man who can give you fresh, live tires—not stuff shipped to him from some point where it did not sell, but new tires of current production.

Giving the same quality, selection and price-advantage to the owner of the medium weight car as the big car owner gets. With equal service and buying opportunity whether he lives in the smaller localities or the greater centers of population.

THE U. S. NOBBY TREAD

When the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—two diagonal rows of oblong studs, interlocking in their grip on the road—the result of all the years of U. S. Rubber experience with every type of road the world over.

"The most essential man for you to know today in the tire business is your local U. S. Tire Dealer."

FOND OF GOOD SODA?

Then drop in to this fountain for a glass of the best ice cream soda you ever tasted. Our soda mixers are expert judges of your palate, and use only the purest and best materials. On that shopping or visiting trip stop in.

THE WIGWAM

If You Have Only a Few Hundred Dollars

to invest you have less excuse for demanding a large yield and taking a high risk than has the person with a few hundred THOUSAND to invest.

In fact, the fellow with the big money is usually the investor who is MIGHTY CAREFUL to see that his cash goes into an INVESTMENT and NOT a speculation.

This Company is NOT in the promotion stages; it is a firmly established industry meeting a great public need every hour of the day and night. Its CUMULATIVE PREFERRED STOCK has EVERY ESSENTIAL that a high-grade INVESTMENT should have. Price \$100 and dividend per share, paying dividends of \$7 a share a year. Can be bought for cash or on terms as low as \$10 a month.

Inquire at our office or ask any employe—they're our salesmen.
