## WOMEN ON JURIES

The Bill to permit women to serve on juries deserves the vote of every woman in the State. We should say, perhaps, that it will receive the vote of every woman who thinks. Just as in the case of suffrage, there are women who did not want to vote, there are women who do not want to perform jury duty, and whose votes may kill the bill.

Is there a better place for a woman than on the jury before which is being tried another woman or minor boy or girl? Who understands better than a sister woman, the woman's side of the problem? Who comprehends better than the mother heart of every woman—no matter how bad she may be—the temptations to which the boy or girl finally yielded and which brought them into court?

But in Oregon today, only men are considered competent to judge. The woman who has borne the child, nursed him, taught him in school and guided him into manhood, is not considered competent under our laws to judge him in his failure to meet troubles and temptations.

What will the motherhood of Oregon answer at the polls on June 7?—Manufacturer.

# PAIGE

The Most Beautiful Car in America.

## Distinction Without Extravagance.

Most five-passenger cars are undistinctive and commonplace. They are types instead of original creations. And therein lies the first great difference between the New Series "Glenbrook" and many other cars of the medium priced field.

When you first look at a "Glenbrook" you will recognize it at once as a car with a very distinctive and altogether charming personality. Like well-groomed people, it is individual and unique.

Ride in the Glenbrook and your first impression will become enthusiastic convictions. You will sense at once the power and mechanical resources that meet every emergency of the road. Each burst of speed, each conquered grade drives this conviction home.

But spirited performance is most appreciated these days when it is achieved without waste and extravagance. Not the least of the Glenbrook owner's satisfaction lies in his modest bills for fuel and upkeep.
