The LaGrande school district Monday elected A. E. Hanley director for three years, and Lewis Powers succeeds himself as clerk. There was a good attendance, as the matter of a new school building was up for consideration. Notwithstanding the old structure has done service for many years, the patrons voted against a new structure. The voters favoring the new structure dwell on the health and welfare of the pupils, and asked that the old school building, put up 45 years ago, be discarded for a modern school house, and one which would be a credit to the district. The vote showed a large majority for the old building to continue doing service.

Next Sunday, June 26, will be the last Sunday of the contest between the Monmouth and the Hillsboro Christian Sunday Schools. A big effort is being made to offset the large attendance which the Summer school at the Normal promises to give to Monmouth. Our aim is 175. Come and be one of that number. Follow the red arrows and go where the crowd is going next Sunday morning at 10 a. m. We are fifteen points in the lead, but if we expect to win we must have the 175 next Sunday. Come and bring your friends to the Hillsboro Christian Sunday School—Committee.

## GREAT CROWD IS ESTIMATE OF WISE

Celebration Program Rounds Into Shape for Three Days

MECCA FOR THE FOURTH

Manager Phelps Predicts Twenty Thousand People in Attendance

Manager Phelps predicts a record crowd for the big celebration at Hillsboro, July 2-4. He estimates that with transportation facilities at the best, three rail lines and a paved highway, there is no reason why Hillsboro should not have twenty thousand visitors here on July 4 alone.

There will be three days of jubilation. The big show will open up Saturday, July 2, and every day there will be a triple drop balloon fight and an illuminated flight at night. There will be all kinds of games and attractions every day, and the big crowds will be entertained as never before.

On the Fourth the day will start with a mammoth parade and the committee promises a bigger and better demonstration in this regard than usual, as many have agreed to be represented in the effort.

The Pioneers will be the big feature on July 3, and they have a program which will be found in another column in this issue.

The big steam swing and the Ferris wheel will furnish entertainment for the kiddies and some who are not kiddies, and there will be a good circus on the grounds.

Baseball will have its representation, and some good games have been scheduled.

Mr. Phelps is confident that this will eclipse any celebration yet held here—and Hillsboro always has a good one.

Word comes from all parts of the county that "we are going to Hillsboro for the Fourth"—and that means something.

Reedville murdered the offerings of three Tigard pitchers for 18 hits, Sunday, getting the long end of a 11 to 6 score. Schulerich, pitching for Reedville, had the game all but sewed up, when in the eighth frame the Tigard batters began to feel him pretty hard, almost tying the score.

Weisenback was rushed into the breach and Tigard's hopes faded like mists in a Summer morning. The sensation of the game was Churchley stealing home. Howard received a large bouquet of wild oregon orange blossoms for this daring feat—from some fair admirer whose name we do not mention. Reedville's ball team plays Cornelius next Sunday at Cornelius.—Fan.

Dr. Will J. Thompson will leave this week for Salt Lake City, Utah, to attend the Western Congress of Optometry. The Roy Catholic Church, dedicated Sunday, cost the parish \$50,000, and considering the population of the church organization, represents a greater expenditure than any in the Northwest.
