Hillsboro Boy, Nathan Weston, is Member of Whitney Singers

**STAR SOLOIST OF COAST
Len B. Fishback Securing Advance Sale of Tickets**

James H. Pries, manager of the famous Whitney Boys' Chorus, one of the finest vocal organizations in the United States, was in the city Wednesday, arranging with Len B. Fishback, of the Christian Church, for a date in Hillsboro on Monday evening, August 4. Mr. Fishback is working hard to secure a sufficient advance sale to insure their coming, and it looks as though he will be successful.

The charge of admission will be 50 and 35 cents, and Mr. Fishback wishes all who want to hear a packed chorus from this famous organization to notify him at once as to the number of tickets wanted.

Nathan Weston, a Hillsboro boy, one of the star soloists of the chorus, has a wonderfully clear voice, and was greeted with tremendous applause when he led the opening number of the concert at the Portland auditorium.

The chorus was taken to Los Angeles to the big Kik gathering, and already the Whitney organization has national fame.

This will be one of the finest musical treats ever brought to Hillsboro. Music lovers should get in touch with Mr. Fishback at once.

ATTEMPTS SUICIDE

Mrs. Bert Eckstand, of the Lantz place, near Buxton, in a fit of despondency, yesterday shot herself through the body with a .32-caliber revolver. Only for the bullet deflecting from one of the ribs, the missile would have passed through the heart. Dr. E. H. Smith made a record run to the Eckstand home, and after a few

minutes probing, located and extracted the bullet, which had passed into the back.

Perfect drainage was installed and the woman was brought to Hillsboro for care.

Despondency, occasioned by ill health, was the cause of the shooting. The Eckstands have no children.

**GUERNSEY CLUB
IN ANNUAL MEET**

Hold Big Picnic at the Wm Goodin Farm, on Baseline

SOME FINE ADDRESSES

Wm. Schulmerich Makes Practical Appeal, "Stay With the Dairy"

Hillsboro, Ore., July 18, 1921. The annual meeting of the Washington County Guernsey Club was held at the farm of W. A. Goodin, west of Hillsboro, on July 16, with 80 Guernsey admirers from Washington County and adjoining counties in attendance.

In the forenoon the assembly looked over the Goodin Guernsey herd, in company with E. L. Westover.

Following the bountiful picnic dinner, Hon. A. B. Flint acted as toastmaster and the following responded to calls made on them for talks: W. A. Goodin, John T. Whalley, President of the Guernsey Cattle Club; O. M. Plummer, Pacific International Livestock Show; Wm. Schulmerich, Secretary of the Washington County Farm Bureau; J. D. Mickle, Oregon Dairymen's League; W. C. Hawley, State Dairy and Food Commissioner, and E. L. Westover, Field Representative of the American Guernsey Cattle Club.

Mr. Schulmerich discussed Washington County agriculture, and pointed out that in the '80's the county produced on an average about thirteen bushels of wheat per acre, and that Washington County farmers then turned to dairying with the result that the soil was made more productive until it has reached a high state of fertility. He sounded a warning against Washington County farmers turning back to grain-raising, and disposing of cows, and urged that instead of disposing of dairy herds that they stick to the dairy cows, as the hope in Washington County agriculture lies with the dairy cow.

O. M. Plummer dealt on the question of interesting the boys and girls in agriculture before they leave the farm, and spoke of the world conference of boys and girls club workers, which is to be held in 1925, at Portland, and that 10,000 boys and girls are expected to attend.

E. L. Westover spoke at length on Guernseys and called attention to dairying in parts of California. He states that Humboldt County, California, had 2300 cows and the average butter fat production is 311 pounds. Accomplishments like this are made through the use of good pure bred foundation stock in building up the grades as well as the pure bred herd.

Mr. Westover stated that the Guernseys are steadily forging ahead and that in our present depression the Guernsey cow has come more near holding her par value than most anything else in the United States. In 1921 there have been held in the United States 24 Guernsey sales of pure bred animals, and 1192 have been sold, bringing an average price of \$327.70.

A stock judging demonstration was held in which old and young participated. Mrs. Henry T. Hesse won first place; Elva Elveter, second, and J. D. Mickle, third. W. C. Hawley, E. L. Westover and O. T. McWhorter acted as judges.

There were many expressions of praise for Mr. and Mrs. Goodin in their hospitality offered to Guernsey breeders on this occasion, and for the splendid Guernsey herd they have built up in Washington County.

O. T. McWhorter, County Agent.

Mrs. W. Erker, of Cornelius, was a Hillsboro visitor today.

There is one child and the mother has this with her in Montana.

The engine watchman at the S. P. "Y" in South Hillsboro came near having a blaze last night when some distillate splashed on a lighted lantern. The watchman was scorched a little around the face, but soon had the blaze extinguished. As there was plenty of oil around the place there might have been some conflagration had it gotten a good start.

Mr. and Mrs. Dudley Capron, of Kansas City, are in the city, guests of L. W. House, Mrs. Capron's brother. Mrs. Capron has made annual visits here for several years, but this is the husband's first trip. He is an oldtime railway conductor, and has seen lots of country, but thinks that Oregon eclipses everything he has ever seen—and that is some concession from a Kansas and Missouri railway man.

Program and Ice Cream Social—There will be an ice cream social in the Summer Garden, which is to be prepared on the lawn of the Christian Church. New cases filed in circuit court—Dominick Tinnattis sues his wife, Agnes, for divorce, alleging that she left him some time ago and told him before her departure that she did not love him and never wanted to see him again. Dominick thinks this is cause enough for a decree. They were married in September, 1919. J. H. Johnson seeks to restrain the board of directors of School District No. 133 from buying an acre of ground as a school site and from building a school house thereon. Johnson alleges that on July 8 the district had a called meeting and the voters failed to agree on a site, whereupon there was an adjournment. He says that after the voters had departed a few came to order and voted a site, which, he says, is in a very unhealthy place, being inaccessible in winter, and surrounded by fog, etc.

**TRACTOR PLANT SEEKS
LOCATION IN CITY**

Kansas Inventor and Manufacturer in City Yesterday Evening

A CLUB MEETING TUESDAY

Farmers and Business Men Asked to Attend and Hear Proposal

C. Bristow, tractor inventor and manufacturer, was in the city last evening and in company with Mr. Tenney, a Portland manufacturer, talked with members of the Hillsboro Club at the club rooms. The promoter wishes to locate a plant in Hillsboro or some other town of its size and shipping facilities, and if installed over 100 men will be employed.

Dr. Hyde, president of the club, has issued a call for a meeting next Tuesday evening, July 26, at 8 p. m., when the promoter will be present and detail the industrial proposition. Farmers who are interested in a small and successful tractor for farm work, and all business men are requested to be present.

The model under advisement is one that will do the work necessary for small farming as well as handle a good sized farm, and the installation of a plant would mean a big thing for the town. Dr. Hyde extends an invitation to every farmer in the vicinity and every business man to be present next Tuesday evening at the club rooms.

Mr. Bristow is at present visiting relatives up at Gales City.

NOTICE TO CONTRACTORS

Mr. and Mrs. Geo. Meacham, of above Mountaineer, accompanied by their little son, Elmer, departed this morning for Los Angeles, Cal., where they will reside. George has spent 45 years in Washington County, and knows every deer trail on the East fork of Dairy. It is safe to say that his percentage of friends is as big as any in his district, and there are many who regret seeing the family depart. Mr. Meacham takes a good position in the Southern city, and will remain just as long as he wants to, and likes it. But the Argus is going to wager that inside of a year George will be back here and make an occasional visit to the Pythian Lodge at North Plains. Sure enough—we all like him. Good luck, George!

For Sale—Nice young cow, just after her first calf; gentle; 5 gallons milk; a bargain for \$50; Sharpless cream separator No. 2, runs like new, now \$95 at store—take it for \$50; farm wagon, 4-inch tires; old, but strong, \$25.—E. Petrequin, Orenco. 19-21

They made the trip West without incident, and in over 3,000 miles of travel had no car trouble.

O. G. Bretz, of Forest Grove, was down to his old home town of former years, Monday, greeting friends. One thing likeable about Bretz—he is always a good partizan of the town in which he lives.
