The Senate has passed the free tolls bill—meaning, of course, that U. S. Vessels hauling cargo from one U. S. port to another, can get thru without paying tonnage. This is the proper thing. The idea that we are taxed to build a canal and then tax our own vessels to pass thru because some man thinks to do otherwise would be a violation of the Hays-Pauncefote treaty is the rankest kind of balderdash. Senator Chamberlain, when representing Oregon, broke with the president on this point—Chamberlain voting for free tolls on the grounds of justice, as felt as pointing to the democratic platform. It is cheering to note the majority taking up with progressive ideas.

Final Clean-Up--8th Anniversary Sale

An opportunity for economy wise buyers to supply their winter needs at prices that will not prevail again this season, now presents itself. The heavy buying of the last few weeks has left many odd lots of broken lines, styles and sizes that will be offered, in this final clean up, at prices that are only a fraction of their actual value. And to make the end of our greatest sale a fitting one to its record breaking beginning, we have added new and greater values in seasonable merchandise just received, and priced so low that they will attract the greatest crowds of buyers in the history of our store.

Geo. McCann, aged 10 years, son of Mr. and Mrs. Jas. T. McCann, died near Scholls, Monday. The funeral took place Tuesday, interment being in the Mountaine cemetery, Undertaker Bell directing.

The schemers who wish to put Olcott out of the gubernatorial chair are working overtime to land him a fat Federal appointment. This is proof enough that they realize Olcott is a hard man to beat in the Oregon vote.
