Your satisfaction with a car depends upon your satisfaction with its performance, appearance, economy, comfort and price.

These are the vital points. And you must get satisfaction in each one if you are to be satisfied with your car as a whole.

Consider the LIGHT-SIX from this angle.

It is essentially the same car as it was when introduced. It was right before it was offered. And it has made good in the service of thousands and thousands of owners. It is dependable, its L-head motor is powerful, flexible and free from vibration than any car at anywhere near its price.

Its graceful lines are enhanced by a lasting finish. Cowl parking lights and the cowl ventilator not only add to its good looks but are necessary for complete satisfaction.

The LIGHT-SIX stands up in service with a minimum of repair expense. This, with low fuel consumption, means satisfactory economy.

We never heard of a LIGHT-SIX that was not comfortable to ride in.

And the price, \$1045 f. o. b. factory, is out of proportion to its value. This price includes the theft-proof transmission lock which reduces the rate of theft insurance to the owner 15 to 20 per cent; large plate glass window in one-piece rear curtain, inside and outside door handles and other refinements.

And you get the priceless ingredient—prestige and high standing of the maker—who for 70 years has been building quality vehicles and selling them at fair prices.

Theft-proof transmission lock reduces rate of insurance on LIGHT-SIX owners 15 to 20%

Touring, \$1045; 3-Passenger Roadster, \$1045; Coupe-Roadster, \$1375; Sedan, \$1750. All prices f. o. b. factory.

Ralph E. Williams Hires Orientals While Hundreds of Ex-Service Men Need Work President of Disabled Veterans' Auxiliary Scores Williams

Mrs. George L. Williams, president of the Disabled Veterans' Auxiliary, addressed a letter to Ralph E. Williams, Republican National Committeeman, last Thursday, demanding an explanation as to why he employs Oriental labor in his hop yards at a time when many ex-service men are jobless.

Williams is one of the largest hop dealers in Oregon.

Mrs. Williams' letter follows:

DISABLED VETERANS' AUXILIARY

Portland, Ore., May 11, 1922.

Mr. Ralph E. Williams,
617 Board of Trade Building, Portland, Oregon.

Dear Sir: Positive evidence having come to my knowledge that you employ Oriental labor in your hop yards, while hundreds of unemployed war veterans and other American citizens are vainly seeking work, I have felt it my duty as president of the Disabled Veterans' Auxiliary to inquire your reasons for this attitude.

Controlling, as you do, the stock in several banks and ranking as one of Portland's wealthy men, there would appear to be no financial reason why you should not employ at a reasonable wage your fellow American citizens who need work to support themselves and dependents, and exclude all Oriental labor.

One feature that has impressed itself forcibly upon my attention is the fact that the example set by you is one that may influence other employers. You are not merely a private citizen. You are the Republican National Committeeman, and, as such, the head of the party organization in this state and you, therefore, owe it to the Republicans of Oregon to furnish by your own conduct a correct example for other employers to follow. I have a racial prejudice against Orientals. I simply feel that the unemployment problem since the armistice has become so acute that our own American folk should be taken care of to the entire exclusion of Oriental labor. You are a wealthy man and can easily afford to employ American help at proper wages.

Yours very truly,
MRS. GEO. L. WILLIAMS, President Disabled Veterans' Auxiliary.
