THE HILLSBORO ARGUS

County Official Paper

L. A. Long, Editor

Subscription, \$1.50 per annum.

Issued every Thursday by Mrs. E. C. McKinney and L. A. Long

Entered at the Post Office at Hillsboro, Oregon, as second class mail matter.

The esteemed Oregonian, which as a rule is, and ever has been, about twenty years behind the times, becomes quite impudent when anyone questions the sanctity of the old convention system. It then insists that it only wants the faults of the primary corrected. And that correction, the Oregonian contends, is the "plurality feature." Well, well. In the old days five or six men did the candidate selection in Oregon. Under the primary, thousands make the selection. Take your choice, but why not chance the greater per cent?

Devotion to the dead of our country's defenders was well exemplified by the large assembly which stood in the intolerable heat of Decoration Day to listen to the exercises. So long as a people honor valor in a just cause just that long there is no danger of a country going to political excesses. Programs of love and devotion do much to chasten a citizenship.

Bill Cuddy, of the Oregonian, thinks the thing to do is to spank the "flappers." Bill, Bill, and at your age!

BOYS AND GIRLS' CLUBS

On June 12, club delegates will register at O. A. C. for the best time of their lives, and classes will open for instruction in every branch of club projects, and will continue from 9 until noon, and from 12 until 1:30 will be lunch hour; then assembly until 3. The rest of the afternoon will be given up to recreation, and good times in the evening.

Any club member in Oregon that has his or her reports up to date will be eligible.

The expenses to those not state winners of the capital prize will be \$15 for room and board, each member to provide blankets and necessary extras.

A careful supervision will be maintained at all times and health and comfort carefully looked after.

The beautiful swimming tank will be one of the many joys of both boys and girls, and all members will have a chance to get wet. We have heard of quite a number from this county who are planning to go. Let's make it a record and show the rest of the state what we can do.

If there are any members who have not sent in their names, get busy and collect the price and send in your name. This will be a banner year for the Boys' and Girls' Clubs at Oregon Agricultural College. —Cor.

The prospect of a veteran hall, for the use of all veteran organizations, is progressing nicely. A two-story structure, of brick, or concrete, with a basement, is desired, and the court has expressed a willingness to permit its construction on the courtyard, opposite the Dr. W. D. Wood residence. The various committees will meet next Monday afternoon to start active work on promoting the financial part of the work. The court, under the law, can, and no doubt, will, assist financially.

Oliver came to Oregon over fifty years ago—but says he doesn't remember much about the trip as he was only 18 months young.
