BANKS FOURTH ANNUAL HOG AND DAIRY SHOW

Opened Yesterday With Best Exhibit in History of County

PURE BRED STOCK IS SEEN

Yesterday Was School Day—Today Livestock—Friday Barbecue

Banks, ten miles north and west of Hillsboro, is today in evidence on the map of Washington county for the Fourth Annual Hog & Dairy Show opened its doors yesterday, with absolutely the finest exhibit of pure bred stock ever shown in Washington county. The entries of this year exceed that of any former year, and stockmen who appreciate fine registered and pure bred stock should not miss this showing of what Washington county breeders can do.

The Fair opened yesterday with the annual School Day, and many youngsters were in evidence. Scores of schools closed to permit the various Boys' and Girls' Clubs to show their offerings. A livestock judging contest was open to the boys and girls, and it is surprising how well young America can judge stock.

Today the ribbons will be placed by E. B. Fitts, of O. A. C., assisted by Thos. Brunk, one of Oregon's best livestock judges. Friday (tomorrow) there will be a big barbecue dinner—a regular old-fashioned barbecue, if you please—and this is a feature that always pleases.

Col. J. W. Hughes will be present and will auctioneer a sale of choice pure bred Holstein and Jersey cattle and Poland China and O. I. C. hogs and pigs.

Banks is to be congratulated on her public spirit. The directors of the Show will see to it that visitors have a good time, and if you are interested in livestock that brings in the money, you should not miss visiting Banks. Remember that tomorrow is the last day.

EYESIGHT IS PRECIOUS

Why neglect it? Nature gave you two sets of teeth, but only one pair of eyes, and she expects you to take care of them. Neglected eyesight in our younger days generally means eyesight disaster in our later years. When nature calls for aid it is good policy to pay attention. See Dr. Lazader, at Anderson's, Saturdays.

REPUBLICANS THROW OUT CHAIRMAN GEORGE

Central Committee Met Tuesday and Ousted Hall Supporters

M. P. CADY NEW CHAIRMAN

F. W. Livermore Named to Run as County Commissioner

Tuesday was the equinox and storm center day in Washington county politics at Hillsboro, when the county central committee of the republican party met in executive session to take up the campaign. M. J. George, of Forest Grove, who is a Hall supporter, and who had acted as secretary in the Portland session that named Mr. Hall as an independent, was "ousted" and vacancy declared, and M. P. Cady was named as county chairman to succeed him.

Mr. George had anticipated the move and had sent in his resignation, but the committee, on motion of T. H. Tongue, passed a resolution condemning the action of Mr. George, and the committee voted unanimously to throw out the Hall man.

Mr. Baker, who was nominated as county commissioner at the primaries, also resigned—he was nominated largely through the efforts of Mr. George—and F. W. Livermore was named as a candidate to go on the ticket, filling the vacancy. Other names before the committee for the honor were John Ireland, present incumbent; Otto Parsons, Gales Creek, and B. P. Cornelius, of Hillsboro. Jas. Churchill stood for Mr. Ireland on the grounds that the west end should be represented on the county court. After six ballots, Livermore was named and his selection was made unanimous.

A. G. Hoffman, of Forest Grove, was selected congressional committeeman. Incidentally Mr. George demonstrated he was not a democrat, for it is axiomatic that a democrat never resigns.

The ringing resolution passed in the George matter ended with the following: "Resolved, that the Washington county republican central committee hereby resents the action of Mr. George in serving as secretary of said independent meeting above mentioned and participating therein while still holding the office of chairman of the Washington county republican central committee, and hereby unreservedly condemns his action in this matter; and be it further

Resolved, that the office of chairman of the Washington county republican central committee be, and hereby is, declared vacant.

MASONIC TEMPLE WORK SOON UNDER WAY

Contractors Waiting for Cement Shipments to Arrive

CANNERY RUNS FULL BLAST

What the State is Doing in All Industrial Channels

Contractors Tranchell & Parelus, who will erect the Masonic Temple at Third and Lincoln, are awaiting the arrival of their cement, and as soon as the shipments reach Hillsboro, will start the construction of the new \$22,000 structure. The cement work and building complete, without the heating plant, will cost \$19,286, and it is estimated that the heating plant and other work incident to construction will make the cost price around \$22,000.

The cannery is running full blast, and the next big run will be on squash, for which there is Eastern demand. The starting of school dealt the labor supply quite a blow, as many young women left the cannery to begin their year of study. Every available supply of labor has been given a chance to work at the institution, and the canning industry has been a big financial aid to the city.

The condenser is receiving its usual September supply of milk, with an increase over last year.

The G. H. P. Lumber Co. has orders ahead to keep the wheels running continuously until the first of the year, and offerings are coming every day with prices that are satisfactory.
