THE HILLSBORO ARGUS

County Official Paper

L. A. Long, Editor

Subscription, \$1.50 per annum.

Issued every Thursday by Mrs. E. C. McKinney and L. A. Long

Entered at the Post Office at Hillsboro, Oregon, as second-class mail matter.

In the death of Judge Rodolph Crandall Hillsboro loses a citizen of genuine worth. As a soldier in the Civil War, he served with distinction, and, as a public official, there was none more worthy or alive to the duty an officer owes his constituency. He was up right in all things; a patriot of the first order; a neighbor who had the faith and trust of his community, and a husband and father who gave his family that devotion which always touches the heart and inspires the mind of man to be better and do nobler things.

John F. Kamna, of Bloomington and Miss Lena Lindeman, of Maplewood, were united in marriage in Portland, Oct. 25, 1922. The groom is a son of Mr. and Mrs. Henry Kamna, of Bloomington, and the newly-weds will reside on the Kamna farm.

Congregational Church—Bible School at 10 a. m. At 11 a. m. the pastor will take for his sermon topic, "The Traveler's Guide." In the evening at 7:30. "The Incomplete Church on Main Street."—H. A. Deck, minister.

Mr. and Mrs. Geo. Burri, of Portland, were Sunday guests at the home of Mr. and Mrs. C. E. Koontz. Mr. Burri is a traveling auditor for the S. P. & S. Railway, and makes many trips over the northwest in his line of duty.

The many friends of Mrs. Martha Jack, of Sixth and Washington, will be pleased to learn that she is getting along nicely. Mrs. Jack was thrown to the ground several weeks ago, when two boxes of a bicycle struck her.

John Kamna, who is in charge of the Road Bridge repairs, says that it has been found necessary to put in some new piling and new caps and it will be perhaps ten days yet before the structure is open to travel.

Mrs. Maude Frick is recovering nicely from a surgical operation, performed the last of the week by Dr. E. H. Smith, and will soon be able to return to the home of her parents, Mr. and Mrs. A. A. Morrill.

H. A. VanDeWettering and Miss Catherine Kemper, of Verboort, were united in marriage at Verboort, Oct. 23, 1922. Father James VanDeWettering officiating.

Hary Cline, of above Laurel, was greeting friends in the city this morning.

DODGE BROTHERS BUSINESS SEDAN

Exceptional interest has been aroused by the practical arrangement of the interior.

The entire rear compartment furnishings—seat, seat cushions, back cushions, seat frame, foot rest, carpet and all—can be removed from the car in a few moments.

The front seat is then tilted forward, giving a gross clearance of twenty-two inches through the rear doors.

In this way, a space of sixty-four cubic feet in the rear compartment is made available for loading.

When the rear seat fixtures are back in place, the interior is complete and attractive in appearance. Its convertibility is not apparent to the eye.

Business men, farmers, salesmen, campers, tourists and everyone who has occasion, at times, to carry bulky articles or luggage, will readily appreciate the great utility of this construction.

The price is \$1405.00 delivered

Taxes and the Governor

When a candidate for the high office of governor bases his candidacy on certain claims and promises as to what he will do if elected, the public is entitled to have his claims analyzed and examined.

In this campaign, Walter Pierce has gone about the country making dramatic tearing tax bills in two by way of illustrating what he will do to taxes if elected.

The voter, then, should analyze the tax matter to the extent of becoming informed as to just what part the governor plays in imposing or reducing taxes.

In the first place, the voter should know that the total levy in Oregon for 1922 is \$40,479,908.

This is a reduction of over \$1,500,000 from last year, so that it will be seen the high cost of government following the war is already receding.

Of this 1922 levy of 40 million, over \$1 million was for county, city and school district purposes, over which the governor could have no possible control whatever.

Of the remaining 39 million for state purposes, only 3 1/4 million are taxes over which the legislature has any discretion, and of this amount, only 2 1/4 million are for the actual expenses of state government and might, therefore, in even the remotest degree, be charged to the methods employed by the governor in administering the state's affairs.

In passing, it should be noted that this state levy is an increase of 41 per cent, since 1916, and not several hundred per cent, as stated on various occasions by the democratic candidate. It should also be noted that less than half of this 41 per cent occurred during Mr. Olcott's administration. This ability to keep down the cost of the state government to so small an increase, when living expenses in the ordinary home in the same period increased over 180 per cent, is a most creditable showing.

MR. PIERCE'S TAX RECORD

It is proper at this point to examine Mr. Pierce's own record on taxes and see if past actions as a legislator square with his words.

Of the \$9,376,289 of state taxes for 1922, which include the millage taxes, MR. PIERCE SPECIFICALLY HAS APPROVED OF \$9,864,039, or 93 per cent. He had no chance at most of the other 8 per cent.

Of the 1922 state taxes, Pierce introduced bills accounting for \$1,429,136, or 15 per cent.

In addition to this, he voted for tax bills introduced by others to the amount of \$6,114,

100, and he has given his public approval on numerous occasions of measures passed since he was returned from the legislature causing taxes amounting to \$1,630,804, making a total of state taxes approved by Pierce of \$9,864,039, or 93 per cent of the total 1922. There is no telling how much of the remainder he might have approved if he had had a chance, and it may be significant that the state taxes have decreased over 11 per cent since Mr. Pierce was retired from the State Senate.

Mr. Pierce has always been a consistent tax booster. He voted against only three per cent of all the appropriations of the 1919 session of the legislature and voted for all the appropriations of the 1920 special session.

In 1917 Mr. Pierce introduced a bill to exempt money, notes, mortgages and accounts from taxation. Yet he poses as being anxious to take the burden off real estate!

He voted for submission of \$400,000 bond issue to build a new penitentiary.

Mr. Olcott, at no TAX expense and with prison labor, has fixed up the old penitentiary in excellent shape for another 25 years.

Mr. Pierce voted against accepting road machinery from the government. That machinery now amounts in value to \$1,800,000.

GOVERNOR OLCOTT'S RECORD

The above are but a few of the extravagances of Pierce. Mr. Olcott, on the other hand, has conducted the business of the state in an economical, sane and business-like manner. He has saved the state thousands of dollars because of his level-headedness and his intimate knowledge of state affairs. He built a new Boys' Industrial School Building by diversion of a millage fund, and therefore, without a single cent additional tax. He has insisted upon development of the various state farms connected with the state institutions until the present year shows the unprecedented income from this source of \$491,511. He is no talker, no politician, no idle promiser and is not seeking re-election under false pretenses nor catering to prejudice, but is going to the people on his own splendid record, confident that if he can but get that record and Mr. Pierce's record before the voters of Oregon that he will be vindicated on election day, Tuesday, Nov. 7th.
