

There Is No Substitute for Quality

When you buy a house you make sure that the foundation, the walls and the roof are constructed for permanence. Buy a motor car in the same way. The sturdy body of the Studebaker Light-Six Sedan is an admirable example of substantial body-building. It is constructed of the finest materials and with a high degree of craftsmanship to give years of satisfactory service—no makeshift construction merely to meet a price.

Eight stout ash pillars, from floor to roof, insure permanent strength and rigidity. The four wide-opening doors are a real convenience in getting in and out. Broad windows provide clear vision in every direction.

Seats are of generous proportions with deep springs to give lasting comfort. The upholstery is of mohair velvet plush, as durable as it is attractive. The heater will give warmth and comfort on cold days.

The Light-Six has proved its reliability on the highways of the world. The ample power, quietness and remarkable flexibility of its motor are a source of continuous satisfaction. It is easy to handle in traffic. Constant gear shifting is unnecessary because it throttles down to a walking pace in high gear. Vibration, which is so annoying in closed cars, is virtually eliminated.

The low price is due to complete manufacture by Studebaker in one of the most modern and complete automobile plants in the world. Middlemen's profits are eliminated and the savings are passed on to the buyer.

The name Studebaker stands for comfort, quality and durability.

HIGH SCHOOL NOTES

Thanksgiving Day the Hills eleven met Beaverton on the local field and defeated her 32-0. The team is now in line for the Willamette valley championship and will be the winner if Oregon City or Corvallis does not accept the challenge to a game soon.

The Philolexians met Tuesday evening and accomplished an unusual amount of business. After their meeting, Miss Morgan, the society's faculty advisor, took the girls to the show, which they all enjoyed immensely.

Kenneth L. — "Oh, where is my little polygon?"
Randy S. — "Up the geometry."

AT THE LIBERTY

"Nero," the most spectacular film of the year, and taking a year in the making, will be here Sunday, Monday and Tuesday. This is a wonderful picture, and the burning of Rome is its chief feature. The photoplay shows up Nero's weaknesses, his intrigues and his brutality, and the scenic effects are superb. The play is a film de Luxe of the life and character of the great and notorious Christian hater, and the expense of his new palace rivalled the cost of Solomon's temple. The premier Italian screen artist takes the part of Nero.

Usual matinee Sunday.
