SUFFERS SEVERE BURNS

Miss Mary Coffey, aged 86 years, suffered severe burns last Saturday morning, at the home of Mrs. Rachel Walker, where she is a guest. She started to light a fire in her bedroom and her robe caught fire. She ran for help, but stumbled and fell with the unfortunate result that she dislocated an elbow and fractured her wrist, besides badly burning her left arm. Dr. L. W. Hyde was called and notwithstanding her extreme age, thinks she will recover. Telephonic communication with the Walker home near Beaverton yesterday disclosed the fact that she was getting along quite well, due to her splendid vitality. Miss Coffey is a sister of Mrs. Walker.

Mr. and Mrs. Frank Willers, of Bend, arrived last week for a short visit with their relatives, the Willers and Campbell families.

Frank E. Chapman, of Grant Park, Ill., was a Hillsboro visitor Sunday. Mr. Chapman has been touring the west, and is now located at Reedville.

Her Jewett Special

"a dream to drive"
Nimble--Dependable--Smooth--Complete

Away she goes—care-free and confident—away she goes—care free and confident—in her Jewett Special. She says "a dream to drive"—so simple she "didn't have to learn how." Never has she stalled the motor nor jerked the car—so smooth the Paige-type clutch. Never has her Jewett failed to do her bidding—so certain its performance.

Up most any hill on high—without rashing—thanks to Jewett's 50-horsepower motor. Around corners in traffic at 2 miles an hour—never a thought of changing gears. Out of congestion in a jiffy. From 5 to 25 miles an hour in 7 seconds. (Try it with any other car.) Jewett is nimble, quick on its feet, obedient.

You'll never worry over your loved ones in a Jewett, because Jewett is Paige built. Paige-Timken axles front and rear. Paige-built motor. Paige-type clutch and transmission. Jewett is the only moderate size car built by a maker of high-grade cars. Thousands of families are enjoying the confidence this brings.

Women are always comfortable in the Jewett. It is heavy enough to ride smoothly over all roads—200 pounds heavier than any car in its class—cradled on extra long springs. Seat cushions are soft; body positions just right. Upholstery is hand-crushed leather, of special colors to match the car.

Men point with pride to Jewett's motor, with its high-pressure, hollow crank-shaft oiling system—like the big Paige. It sends 2 gallons of oil a minute through all main and connecting-rod bearings. Makes smooth, quiet operation; assures long life and small upkeep.

Jewett Special is complete. Nickel spring bumpers front and rear. Nickel-plated radiator and motometer. All nickel, barrel-type headlights and side lamps. Extra cord tire, tube, rim and cover, mounted at side. Trunk rack and trunk. Body guard rails. Automatic stop-light. Automatic windshield wiper. Rear vision mirror. Metal sunshade.

Jewett Special is truly—"a dream to drive." Let "her" decide at the nearby Jewett dealer's salesroom after a demonstration.
