

BEND LADY PLAYS WITH HIGH FINANCE

Passes Several Bad Checks on Hillsboro Business Men

BROT BACK FROM COAST

When Placed in Custody, Bend Friends Make Restitution

A little lady, aged 17 years, and highly connected, blew breezily into town from Astoria, the other day and played the "high finance" game with Hillsboro business men and left immediately for Tillamook. Her name is Mrs. H. Bensch, but she signed the name Martha Johnson to several checks which proved worthless.

Officers were notified, and it was not long until Sheriff Alexander had her located at Tillamook and placed in custody.

She was brot back from Tillamook Sunday night and given quarters in the attic of the court house, under lock and key, where she had ample time to repent of her ways. Relatives at Bend came to her relief and by Monday night the money was telegraphed to take care of her speculative rampage.

As she expressed it she said she expected her husband would take care of the little slips of paper—and somebody did. She was married when but a little past 11 years of age, and her husband is said to have a responsible position with a Bend lumber and saw-mill company.

She was very penitent, but failed to see the offense of enlarging upon a bank deposit that was not in existence, and she was having the time of her life. She was so open and frank in her mannerisms and conduct, and yet so business-like, that no one dreamed she was "putting one over."

Her pecuniations were \$85 from one business house, buying goods to the sum of \$45 and offering a check for \$85, receiving the difference in money; \$20 from another business house, getting \$15 in merchandise and \$5 in money; \$10 from a confectioner, and \$10 from a restaurant in the way of edibles and cash.

The young lady was allowed to go her way after the relatives had made good the follies of her escapade.

"HANGING GARDENS OF BABYLON"

The Christian Endeavor of the Central Church of Christ will hold its third annual ice cream social Friday, July 27. The "Hanging Gardens of Babylon" will be the special feature this year. King Nebuchadnezzar and his Queen will be there in all their glory. A free program will be given by the Endeavorers in the church, followed by the ice cream social on the church lawn.

As the Hanging Gardens of Babylon were built for the amusement of the Queen, even so will be built the Hanging Gardens in Hillsboro for the amusement and enjoyment of all who come to behold its splendor. Remember the date—Friday, July 27, at 7:30 p. m.

HARVEST OF GRAIN BEGINS IN COUNTY

Winter Wheat and Oats Promise a Good Yield in All Sections

HAY BALING IN PROGRESS

Acres of Winter Wheat Larger Than for Years is Estimate

Harvesting of grain in Washington county started this week in many sections in fields that have ripened early, and a good yield is in prospect. Aphis has harmed grain but very little and that only in isolated cases.

It is estimated that there is a larger acreage of fall-sown grain this season than for many years past, and the production of wheat will exceed that of previous years by several hundred thousand bushels.

The rains of after the Fourth did some damage by flattening the fields, but the loss will be negligible.

Hay baling has been in progress for a couple of weeks, and a great area of hay has been discolored, probably, with the "down hay," making a loss of 25 per cent in food and sales value. At that, however, the crop was a big one and the farmers will not suffer a material loss.

Second crop clover, where the fields were cut early, is coming so finely, and there should be a good "cover seed" output if weather is propitious.

Taken all in all the hay and grain crop will not be below normal this season, even if there was some bad curing weather for the hay end of it.

With any kind of good weather the grain harvest should be a thing of the past in a three weeks' limit.

DR. HYDE ENDORSED FOR NATIONAL HONOR

State Encampment Resolves at Albany to Send Him as Delegate

WANT HIM AS SENIOR VICE

For National Encampment Honors—Meet at Chattanooga

The State Encampment of the United Spanish War Veterans was held at Albany last week, and at the meeting a Hillsboro veteran was given a high honor. Dr. L. W. Hyde was endorsed for the position of Senior Vice Commander of the national organization, and the Oregon delegation was instructed to vote for his selection. Dr. Hyde himself was elected as a delegate, and in company with the state delegation, will be on the floor at Chattanooga, Tenn., Sept. 13-14 and 15. The honor came to Dr. Hyde unsolicited, and he naturally feels highly complimented.

At the close of the convention the Dr. was invited to attend the Washington State Encampment, held at Vancouver, which opened session today.

The office of senior vice is the big stepping stone to the national commandership, and his selection as surgeon-general a few years ago, will give his friends a leverage that is appreciable.

Hillsboro was well represented at the big Albany meeting, and Dr. Hyde gave an interesting talk on the Japanese situation.

Washington county veterans at the session were A. F. Doughty, of Huber; Fred Boyd, of Forest Grove; G. Garthofner, F. L. Jensen, Dr. Hyde and Albert Spiering, of Hillsboro. Those attending the Woman's Auxiliary were Mrs. G. Garthofner, president of the local organization, Mrs. L. W. Hyde, of this city, and Mrs. Fred Boyd, of Forest Grove.

Albert Spiering came back feeling that the trip was worth a million dollars, although he will not admit that they put him through the "Order of Serpents," which is the smile-degree of the Spanish War Vets.

F. L. Jensen is the Commander of Scout Harrington Camp and he is quite proud of the showing Hillsboro made at the Linn county state meeting.

INSPECT FOR SEED

During the past week several fields of wheat and barley have been examined for seed purposes in Washington county, by O. A. C. Extension Service. The county agent reports the following as having passed the field examination for certification for seed purposes: Bink wheat belonging to Theo. Vanderzanden, at Banks, and Fred Sewell, at Hillsboro.

Winter wheat at W. N. Hathorn's farm at Laurel; and Hannschen barley grown by Robert Warrens, at Forest Grove. The second inspection of these grains will be made after it is threshed.

This is the first grain to pass certification tests in Washington county.

A JOLLY CAMP

W. N. Harris, Frank Pauli and A. W. Frank and families are comfortably camped on the Tualatin river, on the W. M. Hughes place, two miles south of Oak Park, and they have one of the finest resorts in the neck of the woods. They have plenty of shade, a good road leading to their camp ground, and a fine swimming place. The boys take headers into the river every morning at six sharp, eat their breakfast early and are in town in time to open business. "It's the life."

CHURCH OF CHRIST
