

A. J. EVERS' HERD HAS GOOD RECORD

Holstein Association Sends Out Data on Two Cows

A BIG SEVEN DAYS' TEST Shows That Registered Dairy Stock Pays Better

Two creditable records for the production of butter were recently made by Holstein cows in the herd of A. J. Evers, Forest Grove Route 2, according to an announcement by the advanced registry office of the Holstein-Friesian Association of America.

Verhoort Lady Annis, at the age of five years and eleven months, produced 520.5 pounds milk containing 21.373 pounds of butter-fat, equal to 26.84 pounds butter, in seven days.

The other cow is Johanna Josephine Walker, who in seven days produced 428.6 pounds milk containing 14.674 pounds butter-fat—equivalent to 18.34 pounds butter. Her age is two years and three months.

Advanced registration of Holstein cattle began forty years ago. The present plan has been followed for the past twenty-eight years. Because it has inspired confidence in the results obtained, this plan has put dependable values on tested cows and made it worth while for a dairyman to test.

LIBERTY THEATRE

"The Girl of the Golden West" will be screened at the Liberty Theatre Sunday, Monday and Tuesday, starring J. Warren Kerrigan. Sylvia Breamer has the title role, and so fine is her depiction of the character, David Belasco says were he to put the "Girl of the Golden West" on the legitimate stage, he would pick Miss Breamer as the star. With Kerrigan as the male lead the two have given the public a photoplay that is de Luxe.

This is a western play and one that is winning the hearts of movie patrons.

The picture has many beautiful scenic effects, is full of action, and tells us of the old west when men in boots and saddles won the empire from the Mission to the Pacific. It takes seven reels to tell the story, and Kerrigan, who made the "Covered Wagon" famous, will please the fan who likes real good stuff.

Lost—A Collie-Shepherd dog, white face, feet and breast; color, tan, black hairs intermixed. Answers to name of "Ted." Reward for return is dog is child's pet. Phone 2183, Hillsboro.—Ralph Ireland.

COUNTY HOSPITAL IS INSPECTED

Several Hundred Visit New Home Saturday

BIG BUILDING PLEASAS ALL

Finest of Its Kind in State Outside of Multnomah

The Washington county hospital, a mile east of the city, held open house last Saturday, and Commissioners Wismer and Livermore, assisted by Mrs. Minnie Jones, entertained hundreds of taxpayers who were present to inspect the building and its fine appointments. Light refreshments were served and the visitors were very much pleased with the home that the county has given its patients at an initial cost of over \$50,000, building and equipment.

There are now eighteen patients and they have been cared for at Second and Oak streets, but all will soon be taken to the county building. The new hospital is well lighted, heated and appointed, and is today a much better home than many taxpayers have, measured by comforts.

The hospital is on an eminence, just south of the highway at Newton and within a stone's throw of the S. P. station. It requires quite a commissary to take care of the patient list, but the venture will in the end be a money-saver.

Mrs. Jones has canned 1910 quart jars of fruit for the table, and more will be added to this before the canning season is entirely closed.

Ever since the old building burned, the home of the unfortunate has been here and there and for several years the Multnomah hospital cared for them at a fixed charge. Later Multnomah found it impossible to keep them and they were brought to Hillsboro, where the county authorities rented a house and took charge.
