REFEREE'S RULING FAVORS HILLSBORO

West Linn, Oct. 22.—A referee's decision Friday afternoon gave the Hillsboro high school a 1 to 0 victory over the Union high school here. The local team was in the lead with a score of 7 to 6 four minutes before the end of the game. The referee blew his whistle during the course of the play at this point and all of the players on both teams, with the exception of the Hillsboro player who had the ball, stopped. The latter raced 40 yards for a touchdown. The referee ruled that the play was legal and that the score counted. Rather than accept this ruling the captain of the West Linn team informed the referee that he would forfeit the game and took his team from the field.—Oregon Journal.

On the second touchdown, which was made by a twenty-five yard run, the umpire blew his whistle just after the run had started on account of a West Linn player being offside, but according to the rules the referee's whistle, and not the umpire's stops the game, and realizing this the Hillsboro players continued with the play until the ball had been carried over their opponent's goal line. In accordance with the rules, the referee then gave the Hillsboroites the choice of a five yard penalty of the opposing team, or the gain which they had just made, and of course, Hillsboro took the latter.

MAKES GOOD SHOWING

Oregon Agricultural College, Corvallis, Oct. 24—George Graves of Beaverton is one of the men making a good showing in cross country running this year. Another championship cross country team begins to seem a certainty from the early showing in practice. More than 25 men are out in suits running the course three times a week and Coach Coleman is more than satisfied at the progress being made.

BOOZE CAR CAPTURED

Sheriff Alexander and Deputy W. W. Downs captured a liquor car near the John Ireland ranch on the Forest Grove-Banks road, Sunday evening late. They first saw the car near the Wilkesboro road, coming from Banks, and when they tried to stop the driver he stepped on the gas and shot around them. Then commenced a race and the sheriff says the big Nash, which contained the liquor, made 60 miles per. When the contraband car reached the Ireland place it swerved off the road and came to a standstill, and the driver jumped over the fence and made his getaway. The sheriff's car could not stop at once and went past a couple of hundred feet and when they backed up the chap had flown. The capture netted 28 gallons of moon, in glass containers, and fourteen jugs were broken in the race. The car belongs to an auto mechanic in Portland by the name of C. W. Keene, but he alleges he knows nothing of the car's absence, and essays to prove an alibi. The car is in possession of Sheriff Alexander and is parked in the Used Car Exchange.

C. W. Pierce and H. H. Beaumont, of Portland, were county seat visitors Wednesday. Pierce is well known here, having been born and reared at Greenville. He goes on a pension from the Portland fire department this week. He has served 22 years with one company without an accident, transfer or a day off duty.

ONE KILLED; TWO HURT IN AUTO ACCIDENT

Rosie Santoro, 11, Is Fatally Injured in Collision

FOUR PERSONS IN TRUCK

Coroner's Jury at Inquest Holds Wreck Unavoidable

Rosie Santoro, 11, was fatally injured Friday night, when the Ford truck, in which the four children of Bruno Santoro, of south of Reedville, were driving toward Hillsboro, was struck by a car driven by J. W. Brooks, of Beaverton, near the Inlay warehouse at Reedville, turning turtle and throwing the children out. Rufie, 18, was driving the truck through Reedville and when opposite the warehouse a touring car that had been standing there turned directly in front of them, according to testimony. The rear wheel of the Santoro car was struck by the front wheel of the other car with the result that the truck was turned completely over.

The youngest brother, John, suffered a fractured skull and some scalp wounds, while the sister, Ascuntia, was badly cut about the face. Rufie, who was driving, was unhurt. The two injured children are convalescing nicely, according to word from Dr. Smith's hospital, where they were taken.

The little girl was buried at Cooper Mountain Sunday, Father O'Neil, of Beaverton, conducting the services.

The inquest was held at Reedville Monday, by Coroner Limber, and the jury returned a verdict of unavoidable accident. The jury consisted of J. H. Whiteside, George McBreen, A. W. Dant, W. W. Snipes, Daniel Merner and L. C. Hoeffel.

PERMANENT PAY

Giving scores of disabled war veterans of the Pacific Northwest permanent compensation, a new move on the part of the United States Veterans' Bureau establishing medical rating boards throughout the district for the purpose of awarding permanent partial disability ratings is proving not only a benefit to the injured ex-service man but will also be a money-saver for the government, according to L. C. Jessoph, northwest district manager of the Bureau.

More than 100 disabled veterans have already been given permanent partial disability ratings, meaning permanent compensation from the government and eliminating the need of periodical physical examinations, he stated. Approximately 2,000 men will be called in for examination before the rating boards finish their work. Boards have been named at Seattle, Tacoma, Spokane, Portland, Walla Walla and Boise.

"Disabled ex-service men receiving notices to report for examination before one of these boards should make it a point to do so at the time designated," said Mr. Jessoph. "This program of awarding permanent compensation to veterans with partial disability ratings is one of the most important and far-reaching moves of the Veterans' Bureau since its formation. It relieves the mind of the injured ex-service man whose disability is of a permanent nature because he will receive a permanent income ranging from \$10 to \$100 a month. The government administration costs will be lightened because the men will not have to be examined at stated times."

Mr. Jessoph stated that veterans given permanent ratings may have their compensation increased in case their injuries are aggravated but no reductions can be made under the present rulings.
