

ORENCO

A meeting of the citizens was held Tuesday evening of last week to talk over the question of getting Bull Run water via Beaverton for Orenco.

The excursion train from Portland Saturday brought a large number of business men who were taken over the propagating plant and many of them were surprised at the magnitude of this part of the nursery.

Miss Joyce Handley, who is teaching at Cornelius, came home

Saturday for a week-end visit and was met in Portland by a lady friend from Echo, who came out home with her.

Miss Thelma Olson spent Sunday with friends in Forest Grove. The Aloha ball tossers were here Wednesday night of last week and were defeated by the home team.

Elmer Handley is spending the week at Sherwood with the Olson family, who formerly resided here.

Mr. Dunsmoor is here this week looking after his little farm adjoining town.

Mrs. Henrietta Henderson returned Monday from a short visit with relatives near Kalama, Washington.

Gustav Krause of Blooming was in town on Monday.

Mrs. Myrtle Blasing of this city has poems appearing in the spring issues of five eastern magazines—The Writer's Digest, Farm and Fireside, American Needlewoman, The Kindergarten Primary Magazine and The Garden Magazine.

E. E. Zorbrung who lives on the Germantown road, was a county seat visitor on Monday. He says that it is one of his semi-annual visits to Hillsboro, as the roads are so bad that it is easier for him to go into Portland.

Chance for Education

Washington, D. C., March 1—Four years at college with all expenses paid is the inducement held out to high school students of the United States for the best essay on the subject "The Relation of Improved Highways to Home Life," according to a statement today by the Highway Education Board.

Announcement of this proposal is being made to all state, city, and county school officials as promptly as possible. The offer is in the form of a contest in which all students of high school grade are allowed to compete.

H. S. Firestone, Akron, Ohio, is the donor of the scholarship.

Newberg is to have a new cannery.

FOR OVER 200 YEARS

IN ALL THE WORLD NO CAR LIKE THIS

"This \$1065 Jewett has a larger motor than Bill's \$1790 car"

Get-away

Ever see an ordinary horse struggling to start a load? Then watch the stronger horse walk away with it smartly? Jewett's amazing pick-up is seen every day when the traffic officer blows his whistle. Most power for weight, that's why!

RATHER a surprising discovery—till you find that there are a dozen cars, costing more than Jewett, yet giving you smaller motors. Think of this before you buy—especially you experienced motorists who know how important is ample power.

And Jewett motors stay good—due to high-pressure hollow crankshaft oiling. Two gallons of oil per minute are forced through all main bearings and connecting rod bearings. Smooth, quiet operation, like Paige and other highest quality cars.

Marvelous Performance

You see now why the New Jewett takes most any hill in high—passes most any car anywhere—picks up from 5 to 25 miles an hour in 7 seconds in high. BIG SIX performance at the price of a four!

The New Jewett's performance wins all who try it. It creeps along at 2 miles an hour in high. Seldom is gear changing necessary, and then it is very easy, due to the Paige-

type clutch and transmission. Think of changing from high to second at 30 miles an hour—quietly!

The New Jewett is stoutly built, weighing 2805 pounds. Has a 6-inch-deep, 184-pound frame, and Paige-Timken axles front and rear. All-steel universal joints have sealed-in lubrication—oil, not grease—good for 15,000 miles without replenishing.

80,000 Jewett Owners Know

80,000 Jewett owners know from actual experience how "tough" Jewett is. Proven dependability is what buyers want today.

Jewett's bodies are loungy, comfortable, and roomy as the largest. Yet, because of convenient chassis size, Jewett turns parking problems into parking opportunities; turns around in narrow streets; requires less garage and alley space.

We say of Jewett—in all the world no car like this!—because its combination of fine qualities and advantages has no equal. Some of them you can buy at \$700 to thousands more, but then at the sacrifice of convenience and economy. Jewett costs but \$1065.

Jewett Is a Sturdy Six Not a "Light" Six

Table comparing 'Light' Six and Jewett Six weights and capacities.

We offer Paige and Jewett quality service and genuine Paige and Jewett parts
