THE GREATEST THING IN HUMAN LIFE IS
LOYALTY!!

Whether to a Right Principle, a Worthy Purpose
or to a Fellow Man.

We speak of loyalty to our country and our flag as patriotism—Loyalty to our homes and families as love—Loyalty to our neighbors as friendship.

The building of an even better community here in Hillsboro and vicinity requires more than "Civic Pride." It calls for inherent loyalty to each other—especially to those responsible for the privileges, comforts and pleasures we are enjoying.

The business and professional men of Hillsboro are always active in giving loyal support to our various community enterprises.

They cheerfully contribute to the base-ball team, celebration of holidays, chautauquas, homecoming events, county fair, etc.

Don't we all take for granted the willingness of these men to subscribe liberally to every worthy community enterprise—and to back it with their dollars as well as their moral support.

Are not the business interests of Hillsboro justified then in asking the loyal support of our community?
