Please send all Women's Club News to Mrs. W. W. Phillips

The Hillsboro Coffee club dance and card party, held last Friday night at the Commercial hall, proved a real success. The music was furnished by the well known orchestra, "The Vagabonds." The dance being a harvest home dance, a large illuminated harvest moon watched over the dancers. In the card room both bridge and "500" were enjoyed.

Dr. Charles Lamkin won first and Mr. Blassing won low score prize playing bridge. At the "500" tables Mrs. J. B. Stewart won first and Mrs. J. J. Stangel got consolation prize. The directors of the Coffee club were in charge of the dance.

The Needlecraft club, one of the oldest clubs in the city will resume its meetings the first part of November. The club has 18 members, with Mrs. J. B. Stewart, president, and Mrs. W. C. A notice of the date for the next meeting will be published in this department at a later date.

Arrangements are being made to use the high school gymnasium one night a week for the women's gymnasium class. A large class is anticipated from the interest that has already been shown. All women over twenty are invited to join, whether members of the Hillsboro Coffee club or not.

A. Deck. The club has around eighteen members with Mrs. E. B. Tongue, president, and Mrs. R. R. Easter, secretary. The program committee with Mrs. George T. McGrath, chair-

## Treatment Is Favored

### Directions for Using Copper Carbonate Are Given

If inquiries for directions for use of copper carbonate count, this treatment for wheat smut control is gaining favor in Washington county.

A pamphlet on making a home mixer and directions for treating wheat with copper carbonate may be secured of the county agent of the O. A. C. extension service at Hillsboro. Copper carbonate is regarded safer to use than formaldehyde as it does not injure the grain and less seed may be used per acre.

### Silver Black and Blue Foxes

Imported, pedigreed, registered and scored P. E. L. Foxes, \$725 to \$1725 a pair, delivered in good condition. The only way to buy a Fox is according to its fur value as scored by Mr. Brackett. Registration has nothing to do with pelt value. You buy horses and cows according to grade, don't you? Why not Foxes? "Tall Tale" charts free, showing they are scientifically mated to produce high grade pups. No brown tinge in fur. Pups weigh 13 lbs. at 5 1/2 months. Mated to mate the first year. Special feeding directions free. Reference: Bank of Beaverton. Females for sale. Send for circular.

Blue Fox pen raised \$350 a pair. Island raised \$300 a pair.

**W. H. HART, Rt. 3, Beaverton. Don't come on Sunday**  
One Fox purchased direct from Cleary Bros. last year, cost \$825.00, for sale at \$500. Some brown tinge in fur. No papers with Cleary's Fox.

## DRAIN TILE PRICES LOWERED

The reason—Recently we have re-arranged our stock yards, making many improvements, which has enabled us to enlarge our daily output of tile, thereby reducing the cost of production, together with a much larger demand than ever before, for our tile, has made it possible for us to reduce our prices on many sizes. If you intend draining let us figure with you.

### Do You Intend Building This Year?

If so, would you be interested in building with our Stone-Tile Building Blocks if we could show you where your first cost would not be over 5 per cent above lumber. Also bear in mind, a house of this kind does not need painting, is much warmer in winter and cooler in summer than a frame building, thereby reducing cost of fuel.

We manufacture Cement Drain Tile, Silo Tile, Brick, Stone-Tile, and Duntile Building Blocks.

Dealers in Sand, Gravel, Cement, Sewer Pipe, Culvert Pipe, Septic Tanks.

To the Farmers of Washington County:  
We, the directors of the Washington County National Farm Loan association, are making long time loans to farmers at 5 1/2 per cent interest through the Federal Land Bank of Spokane, Washington. Other loan companies are making the assertion that they loan cheaper than the Federal Land Bank, but this is not so. The farmer that puts his loan with the other loan companies is only trying to keep in the old rut. This is the only act ever passed for the farmers. We get no compensation for our labor, only the satisfaction of knowing that we are helping our farmer friends and neighbors.
