Hilhi, 30; Beaverton, 7

A large crowd attended the game last Friday night with Beaverton which was easy victory for the boys, but although the girls put up a hard fight they were defeated by three points—the score being seven to ten.

It was rumored that "Goody" filled the boys full of powder with hard training which made the game go off with a bang. The boys played an excellent game all the way thru and they won with a score of thirty to seven. The boys playing were: Carleton Hande, Chuck Hoag, Glen Norton, Leonard Cornelius, Loren Schulmerich, Cecil Johnson, Howard Wells, Max Chambers and Harry Kent.

Our girls' center—Leona Rogers—got the first tip off and a fast and thrilling game followed. Our girls showed good team work, which was the result of hard practice and a fine coach. Eva Oakes and Maudie Hoag played forwards. LaDele Otness, Naida Chase and Lola Jacobs played guards. Ferry Hendren was side center with Leona.

The defeat of the girls did not dampen the spirits of the boys for they are expecting to win many games in the future. They are going to keep up their good work and with the school backing them we should have a winning team.

Arguments on petitioned changes of boundaries in road districts will be heard Saturday. Voters in road districts at Mountindale, Garden Home and Scholls have petitioned for boundary changes.

Peter Van Ashe and son of near Schefflin were county seat visitors Thursday.

DRAIN TILE PRICES LOWERED

The reason—Recently we have re-arranged our stock yards, making many improvements, which has enabled us to enlarge our daily output of tile, thereby reducing the cost of production, together with a much larger demand than ever before, for our tile, has made it possible for us to reduce our prices on many sizes. If you intend draining let us figure with you.

Do You Intend Building This Year?

If so, would you be interested in building with our Stone-Tile Building Blocks if we could show you where your first cost would not be over 3 to 5 per cent above lumber. Also bear in mind, a house of this kind does not need painting, is much warmer in winter and cooler in summer than a frame building, thereby reducing cost of fuel.

We manufacture Cement Drain Tile, Silo Tile, Brick, Stone-Tile, and Duntile Building Blocks. Dealers in Sand, Gravel, Cement, Sewer Pipe, Culvert Pipe, Septic Tanks.
