Lindgren has disposed of his five-acre tract near Sewell station. Mrs. Sawyer was doing some shopping in Portland last Friday. Mrs. George T. Pratt went to Salem Saturday to attend the memorial services. Her two brothers were also there, as their parents are buried in that city. J. C. Wilson and daughter, Es-

ther, were decorating the graves of relatives in Rose City park cemetery in Portland Decoration day. L. T. Woodward shipped three carloads of white fir cut 4-foot lengths to the Hawley paper mill in Oregon City last week. The school program given at the close of the year last Thursday evening attracted an unusually large number. The program was excellent, reflecting much credit on both pupils and teachers. The costumes were very becoming and the stage was nicely decorated. Maud, the 7-year old daughter of Mr. and Mrs. L. H. Hamel, was operated on for mastoid the first of last week by a specialist from Portland at the Jones hospital in Hillsboro. She is recovering from the operation nicely. Mr. Sawyer has just completed a new woodhouse and an up-to-date chicken house on the little farm he secured in a trade last winter from Miss Ruth Jones and her mother, who now reside in Hillsboro. Mr. and Mrs. R. E. Parsons visited the Rose City park cemetery Sunday afternoon. The annual school picnic given under the auspices of the Parent-Teacher association was held on Wednesday of last week and was well attended. A fine picnic dinner was served at noon with plenty of punch and ice cream. Everybody seemed to have a good time and the young people played baseball to their heart's content. Twenty-five of our citizens went to Hillsboro Sunday to attend the memorial services and all speak in the highest terms of the fine address and excellent music. The children presented their teachers with a fountain pen with the name "Helvetia" stamped on it. Alfreda Myers made the presentation for

the lower grades and Carl Wenger for the upper grades. The small gift was to show their appreciation and love for their teachers. In thousands of average American homes there are now two automobiles—"a car for her, too," so there may be transportation for the family while "he" drives away to work. And the family car has such an infinite degree of usefulness! Downtown shopping, taking the children to school, afternoon calls, meeting trains and the many additional trips that must be made to and from the house as a part of every day's routine. No other car is so admirably suited to a woman's requirements as the Most Beautiful Chevrolet. With striking new bodies by Fisher, and finished in pleasing colors of lustrous, lasting Duco, it provides in abundant measure the comfort, charm and elegance that women admire in a motor car. It is easy to start because of its Delco-Remy electric starting system—famous the world over for its excellence. It is easy to stop because of powerful, over-size brakes. And it is easy to drive and park because of a modern three-speed transmission, smooth-acting disc clutch, and a semi-reversible steering gear that gives finger-tip steering. Visit our showroom and see the Most Beautiful Chevrolet. Note the wide variety of body types. Mark their sweeping lines and carefully executed details. And then ask us to explain the easy terms on which a Chevrolet may be purchased—terms that include the lowest combination of handling and financing charges available anywhere.
