# Why Should I Buy a Goodyear Tire?

Come into our store, and ask this question, man to man: "Why should I buy your tire?" You won't need to ask another.

All we want, whether you buy or not, is an opportunity to explain why the Goodyear is called The World's Greatest Tire.

### Here's why:

- 1 Its sturdy carcass is made of **Supertwist**, which means a fewer fabric failures and less tire changes on the road.
- 2 Its new design of tread gives the best **traction** and car control ever afforded by an automobile tire.
- 3 Its tenacious ability to grip the road gives the greatest possible degree of **safety**.
- 4 Increased area of road contact and added **All-Weather blocks** insure **slow, even tread wear** and greater satisfaction to the user.
- 5 **Quietness and smooth running** are also made certain by the new design of tread.
- 6 This new Goodyear is admittedly the **World's Most Beautiful Tire**.

The best proof of all this is the tire itself. Come in today and see this masterpiece, the Goodyear All-Weather Balloon
