VOLUME XXXV HILLSBORO, OREGON, THURSDAY, NOVEMBER 1, 1928. No. 36

Show Quality Potatoes and Corn Display

Improvement in Classes Is Noted by Many

Gasco Window Winner

Annual Show Sponsored by Chamber, Fair Board and the County Agent

Exhibits at the annual Washington County Corn and Potato show in the Long building here Friday and Saturday exceeded exhibits of former years in quality.

Display Next Week
The show was sponsored by the Hillsboro chamber of commerce, the county fair board, and County Agent O. T. McWhorter.

The award on Minnesota No. 13 corn, going to J. J. VanKleeck, is especially noteworthy due to the quite prevalent opinion that local grown seed corn runs out after a few years.

Pastors Talk Monday Noon

Ministers of four Hillsboro churches put on the program at the chamber of commerce Monday noon.

The courage, bravery and patriotism of Americans throughout the history of the country were eulogized by Rev. R. F. Costello of the Catholic church.

Rev. M. Putman of the Christian church took as his subject, "The church, a fast growing organization in American life."

William Walker of Banks, Sam Walker of Forest Grove and Charles Walker of Hillsboro brought back old memories with their old time music.

Federated Clubs Have Meet With Cornelius Group

Cornelius, Oct. 30.—Eighty delegates were present at the meeting of the county federation of women's clubs, which met in Cornelius Thursday.

Mrs. E. C. Richmond, county health nurse, discussed the curbing of black diarrhea in the Gaston district. She also made an appeal for cast-off children's clothing.

All women were urged to vote at the general election by Miss Manche Langley, Forest Grove attorney.

The pictures are ready for distribution in the rural schools, according to an announcement made by Mrs. Clara Smith of Metzger, chairman of the picture library committee.

A board meeting with the following officers present was held prior to the general meeting: Mrs. W. S. Roberts, Forest Grove, president; Mrs. Elwood Johnson, Hillsboro, second vice-president; Mrs. Clara Smith, Metzger, secretary; Mrs. Harvey Batchelar, Hillsboro, and Mrs. Deacons, Forest Grove, directors; and Mrs. W. W. Phillips, Hillsboro, press chairman.

Discussion of a new project was the purpose of the meeting. It was voted to pass out slips for everyone to make suggestions in writing. The following committee was appointed to decide on the most popular project: Mrs. Clara Smith, Metzger, Mrs. L. M. Heese, Scholls, and Mrs. Chamberlain, Hiteon.

The club voted to plant a Mary Sherman tree somewhere in the county, the county court house grounds being suggested. Mary Sherman is past president of the General Federation of Women's Clubs.

City Ticket Headed by Phelps Merits the Support of Voters

The reliability, ability and integrity of Orange Phelps, Thomas Connell, Harry C. Hill, John L. Anderson and M. H. Stevenson entitles them to the vote of the citizens of Hillsboro as the leaders of an economical and business administration of city affairs.

Orange Phelps

During the eight years that Mr. Phelps has served the city as a councilman not one single action of his can be questioned. There has not been a member of the government that has raised his voice to assure the taxpayers a dollar in value for every dollar spent as much as has Mr. Phelps.

Every man on this ticket has been successful in his own business affairs and the people of Hillsboro can be assured that they will give the same careful attention to the business of the city.

The statement has been made that the city pays too much money to the city manager, and that money can be saved.

Do you know that in the years 1920-21-22, when very little street improvement work was done and prior to the time when a manager was employed, the city paid for engineer services alone \$9,026.27 or an average of \$3,008 per year? That during the years 1923-24-25-26-27, a period of five years while the manager has been with the city, that an average of \$2,485.26 has been paid per year for all engineering services, including assistants and the city manager's salary combined?

In 1924 during one of the largest construction years the city has had, 225,000 square feet of concrete pavement was laid, and the engineer and assistants were paid \$2,896.42, or about 4 per cent of the cost of the completed job.

Comparing this with the year 1922 when the preliminary engineering was done for concrete construction and the contract held up, no work being done, the city paid \$810.10 or 5 per cent for engineering on a job which was never completed.

Many more facts could be stated, but we give these few to show that city affairs are conducted in a business manner and at less expense than formerly.

Under the city manager plan, the council formulates a policy and the manager carries it out, or in other words the council tells the city manager what to do rather than the manager telling the council what to do.

Under the city manager plan, the council formulates a policy and the manager carries it out, or in other words the council tells the city manager what to do rather than the manager telling the council what to do.

Other Oregon cities have the city manager form of government—Astoria, LaGrande, Oregon City, Warrenton and Hood River. Astoria pays \$6,000 per year simply for a city manager.

The nominating petitions of the candidates named were signed by 80 representative citizens of Hillsboro.

A vote for the ticket headed by Orange Phelps is a vote for a greater and better Hillsboro.

First Move Is Made In the Court House

The first move into the new addition to the court house was made Wednesday afternoon when the office of County Treasurer E. B. Sappington was moved from the Commercial building to the first floor of the new structure.

The office of the school superintendent, Mrs. Emma Bryant, is being moved today. Commissioner Frank W. Livermore said everybody would be moved during the month of November.

Many consider the circuit court room the most attractive in the state. The decorations were done under the direction of Oscar Jacobs, local plastering contractor.

Permission to remodel the Lyons' building on Main street, formerly occupied by the Hanel electrical store, was not given F. Abendroth, jeweler, by the city council in special session Saturday morning.

The court house will be closed all day next Tuesday on account of it being general election day. The banks will also be closed.

New Building for Ireland & Co. to Be Built at Once

Mohr brothers have been awarded the contract to construct a 50 by 100 concrete building on the property recently purchased by Dr. J. P. Tammie to the east of the gray stone building occupied by Lester Ireland & Company at Third and Main streets.

Work of tearing down the old buildings started Friday. Mrs. Clara Garrett's Princess Beauty Shop and the Abendroth Jewelry store will move to other locations on Main street. Construction is to start at once.

Marley Copeland, 28, of McMinnville, was instantly killed early Sunday evening near Six Corners, when his motorcycle was struck head on by a car driven by E. R. Markham, 3329 East Madison, Seattle, Wash., who is held in the county jail here.

A charge of involuntary manslaughter will probably be placed against him. Young Copeland formerly lived in Hillsboro.

Youth Dies as Motorcycle Is Struck by Car

State Traffic Officer Frank McMahon said that Markham, going north, attempted to pass a car driven by F. W. Gaines, 1424 Fenwick street, Portland, coming directly into the path of the approaching motorcycle.

Markham tells officers that lights on the motorcycle were dim, but the traffic officer says that the lights of the cycle were still going when he arrived half an hour later.

Markham says the head was crushed and parts of the skull were found 50 feet away.

A second traffic fatality occurred at the bottom of the Rex hill early Sunday afternoon when a car driven by Young Copeland, 311 N. 3rd street, Portland, jumped a concrete railing and Powell was instantly killed. A woman passenger was uninjured.

Bell Mortuary Changes Hands

Earl Donelson and Fred Sewell have purchased the Glenn F. Bell mortuary and have taken charge of the business. The new firm will go under the name of Donelson & Sewell Mortuary.

Mr. Donelson is a graduate embalmer and has done work along this line under his father, W. O. Donelson, here as well as in a Portland undertaking establishment.

Mr. Bell and his family came here about eight years ago from McMinnville. He plans to move within a few days to San Diego, Cal., where he has an opportunity to buy a half interest in a mortuary.

Mr. Bell served as president of the chamber of commerce in 1923 and during the past year has been on the board of directors. He was chairman of the Fourth of July committee in 1927 and 1928.

Mr. Sewell and family will move from their farm near Hillsboro to the residence at 1255 Third street within a few days.

Valuation Decreased In County Over Year

The assessed valuation of Washington county real estate for this year shows a decrease of \$827,380 from last year. The total for this year was \$24,026,640.

The assessed valuation of Washington county real estate for this year shows a decrease of \$827,380 from last year. The total for this year was \$24,026,640.

Next Monday is the last day to pay the second half of the 1927 tax without a penalty. The usual last minute rush to pay taxes is anticipated by Arthur Kroeger, deputy sheriff in charge of tax collection.

Hilhi Loses a Tough Contest To Mac Eleven

Desperate Passing Attack Is Fatal to Local Boys

Injuries Are Handicap Jack Rushlow Outstanding in His Line Plunging; Beaverton on Friday

A desperate passing attack in the last quarter of the Hillsboro union high school and Mac high football classic at McMinnville Friday scored two touchdowns for the Yamhill county boys to win the game, 20 to 14.

Coach Byron M. Goodman's boys were leading 14 to 6 until the last quarter when injuries to John Hare, left end, and a power on offense and offense, left the game with an injured hip.

Mac started the scoring when Referee White penalized Hillsboro for what he termed "interfering with a pass receiver."

Mac started the scoring when Referee White penalized Hillsboro for what he termed "interfering with a pass receiver."

The first Hilhi touchdown came on straight line bucks the length of the field with Jack Rushlow, half-back, bearing the brunt of the savage attack. John Hare, left end, carried the extra point.

The McMinnville boys came back strong against the crippled Hillsboro team.

J. T. Young Is Given Honors

An outstanding event in Odd Fellows circles was the meeting of the Three Link association held in the Odd Fellows' hall Tuesday evening.

Brother Young gave many interesting facts in his response, telling of the changes in Odd Fellowship, displaying the hand-made regalia in use in the Iowa lodge, and given to him upon his leaving for Oregon.

At the conclusion of a most interesting talk by the Grand Master, J. T. Young of this city was escorted to the front by members of the Canoe and the Grand Master presented Mr. Young with an honorable veteran's jewel signifying sixty consecutive years of membership in the order.

Mr. Young having joined Oasian Lodge No. 177, Iowa, October 22, 1868, at the age of 21 years. He transferred to Hillsboro in 1890.

Mr. Young was presented with an honorable veteran's jewel signifying sixty consecutive years of membership in the order.

Work Is Resumed on Union High Building

Work on the new union high school building was resumed Tuesday under the direction of the Commercial Casualty company, which concern bonded P. J. VanBruggen, contractor. The company has placed a superintendent in charge of construction.

A delay of more than six weeks has caused the union board considerable worry. The building is to be completed within 100 days.

Who's Who in Politics Will Be Decided by the Voters at Polls Tuesday

Close Race Between Smith and Hoover Is Expected in Washington County; Silent Vote Factor; Municipal Election Provides Plenty of Interest in Hillsboro; Brown and Hiatt for Commissioner Only Contest for County Office.

Next Tuesday is the day that registered voters throughout the United States have been looking forward to with much interest. The results of that day are not only of interest in Washington county because a president of the United States is to be selected, but because there are a number of local contests.

Predictions have been made by local republican leaders that Herbert Hoover will carry this county by several thousand majority, but others contend that the result even in this heavy republican county is going to be very close.

Sample ballots for the general election Tuesday may be secured at this office. This service is extended voters because of the condition of the court yard, which makes it difficult for voters to visit the office of the county clerk.

Resources of State Should Be Protected

Oregon's great natural resource, hydro-electric power, is being given away and the state is not getting one cent from the power companies in return, according to R. J. Kirkwood, editor of Western Out-Doors, who talked at a meeting Friday night at the chamber of commerce.

The meeting, attended by people from Timber, Banks, Reedville, Hillsboro, and neighboring communities, was called by the Washington County Rod and Gun club for a discussion of the McKenzie, Deschutes, Rogue and Umpqua rivers water and fish bills.

Mr. Kirkwood termed it inconsistent of organizations to support income taxes and complain about taxes and then oppose the water and fish bills. He said that the state should exact rent for its water power just as the state of Maine does.

Everything he said would go on in the state as it is today, for the power plants are not running to full capacity by a long way. They already have enough sites filed on that it won't do them any damage, he stated.

Stop and Check Up
"Stop this filing on water rights, until the state has an opportunity to see what is going on and then take steps to make these valuable sites pay returns to the state when wanted by a power company," Mr. Kirkwood urged.

He stressed the value of fish life in bringing tourism to Oregon year after year. Oregon's recreational resources or facilities were called far better than those in other states.

Divorce decrees were granted to Leola Pearl Young from Marion Young, and Aleta P. Walters from Roy R. Walters.

Harry E. Davis waived a grand jury indictment on an assault and battery charge, and was fined \$500. He was paroled for \$25.

Court orders were given as follows: Otto W. Heider vs. W. F. Rodolph et ux; H. W. Kretzmeier vs. Eugene L. Byrnes; Occidental Life Insurance Co. vs. General Investment Co. et al; John Berry vs. Beszic Kirkpatrick; E. B. Tongue vs. Ella Huston; Grace Pettit Scudder vs. James M. Scudder; Belle Bennett vs. Roscoe M. Bennett; Helen L. and Hugo Naumann vs. George A. and Grace H. McLaughlin.

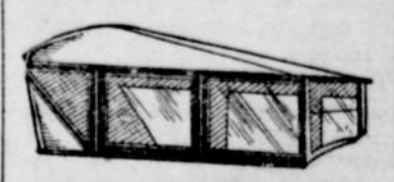

Veterans to Plan Armistice Day at Beaverton Friday

Final plans for the Armistice Day celebration here, in which all ex-service men are invited to take part, will be made at a special meeting of Hillsboro post of the American Legion at the I. O. O. F. hall in Beaverton at 8 p. m., Friday.

Special acts have been secured from Portland by the activities committee and a general invitation is extended to all ex-service men in the county to be present. The meeting at Beaverton will be the zero hour for the start of the biggest membership drive Hillsboro post has ever had, according to Commander W. H. Dierdorff.

Jack Murton, chairman of the activities committee, announced Saturday that Rev. Charles Tator, captain in the Canadian expeditionary forces and now pastor of the Annabelle Presbyterian church in Portland, would be the speaker at the Armistice Day exercises in the Venetian theater. H. L. MacKenzie and Henry Kamna are on the committee with Mr. Murton.

Paroles were granted Tony Flosi and Albert Schiappi.
