### Hot Lunches for Pupils of Schools

Cornelius, Nov. 8.—The school board held a meeting at the home of the clerk, Mrs. Louise Cochran, Friday evening. The teachers, school board, and two representatives of the Civic club were present. Various needs of the teachers in the school rooms were brought up and provided for. Hot lunches will be started Monday with Mrs. M. Creek-paun and Mrs. H. Jacobsmuhen in charge.

### Civic Club Play On Stage Tonight

The Civic club presented their play, "Mary's Other Husband," in Kansas City Tuesday evening. The play will be presented in Cornelius tonight (Thursday) at 8 o'clock, at Challacombe's hall. The proceeds are to go toward hot lunches for the school children.

### LESSER—MORGAN

Mrs. Ruth Morgan and Fred Lesser were united in marriage Friday evening with the Rev. H. Timcke officiating.

Mrs. Fritzshaff was matron of honor and Arnold Lesser acted as best man. The bride was dressed in brown and carried a shower bouquet of pink roses and white sweet peas. The matron of honor was dressed in rose beige.

After the ceremony a large reception was held. The christening of Phyllis Jane Bailey was also held.

### Cornelius Locals

### Buxton

Two new pupils have been added to the school in the past week, Neva Edwards and Ray Roberts. Several have been added to the primary room during the past few weeks.

Honor Roll for the past month is as follows: Walter Wymore and Eva Meyers, eighth grade; Harold Fisher and Vernon Watson, seventh grade; Elsie Meyers, fifth grade; Forrest Kirk, Peggy Pongrats, Doris White, Merlin Watson and Frances Fisher, primary.

Honors are based on perfect attendance, deportment and recitations. The basket social was a success and the teachers wish to thank all who took part, brought or bought baskets, also the auctioneer, Mallory Brooks. The school room, which is large, was filled to capacity, and the baskets sold for a good price.

## Beautiful Actress . . . Countless Admirers

—The secret of her blasted life told for the first time

"MAGDA, the staidly," her friends called her. For though this beautiful actress had countless admirers, she steadfastly refused to let the slightest suspicion of love or romance enter her life.

Then something happened. The treacherous tongue of scandal linked her name in an ugly way with that of a man of great social prominence.

For some strange reason Magda neither denied nor confirmed these rumors. The poison spread. One by one her friends deserted her. Even her youthful protegee, a young man in the cast whom she had encouraged and helped with all her strength, publicly denounced her as unfit for decent people to associate with.

Had he known the truth he would have cut out his tongue rather than breathe a word against her character. Then Magda's play suddenly closed. Crushed and in despair, she sought out the man responsible for her wrecked reputation, and threatened to expose him—to tell the world the truth. "I dare you to!" he snarled through evil lips. And Magda knew her fight had just begun.

Until now, the sensational truth about the venomous scandal which blasted her life has remained securely locked in Magda's aching, aching heart. But now her story can be told. It is entitled "Beyond the Pale," and appears complete in December True Story Magazine.

# the new Hotpoint electric range is Economical

**Foods cooked electrically show practically no shrinkage.**

**Economy . . . cleanliness . . . convenience . . . speed.** You achieve all these when you install the new Hotpoint Electric Range. When baking biscuits or pie crust your oven will heat to 450° in 10 minutes . . . and it takes longer than that to prepare the dough. No other oven is quite so speedy. As for cleanliness . . . all units can be removed to be cleaned . . . quickly and easily. All corners are covered, so with a single wipe of a damp cloth your Hotpoint is cleaned.

The baked hams pictured give you some idea of shrinkage comparison.

Home economists know that meat and fowl baked in an electric oven show almost no shrinkage . . . while those baked in other ways show considerable shrinkage.

Why? Because there are no fumes that must be forced out of the oven . . . carrying with them the precious, nutritive juices. Foods cooked electrically require the addition of almost no water . . . they cook in their own juices . . . and are more tender . . . fuller flavored.

Illustrated above is the new 1929 all-white porcelain enamel HOTPOINT ELECTRIC RANGE . . . a compact model that takes but little floor space, yet has the celebrated Hotpoint advantages of speed and convenience. This new range is only \$148.35.

Until November 17th Installed for a Small Down Payment and Only \$7.80 Monthly
