

At The Churches

Methodist Episcopal Church
E. B. Lockhart, Minister

"Be Strong and of Good Courage" will be the minister's topic Sunday morning, and in the evening he speaks on the subject of "They Say the World is Getting Worse," closing the present series of discourses. The Sunday school is getting along well considering the present handicap of being shifted about, some of the classes meeting in the Higdon Auto warehouse and another in the Oregon Land company's office. The Epworth League has intimations that an enthusiastic band of young people are planning to be here for the institute and more rooms than those now lined up will be required.

Trinity Lutheran Church
Third and Walnut Streets
George Reule, Pastor

Public worship begins at 10:30 a. m. Sunday school and Bible study at 9:45. The service will be in English. Sermon subject: "The Evil Eye." Since the fall of man the various members of the body have become the means of sin. In this respect the eye is second to none. A little reflection a little investigation into the causes of sin, sorrow and grief will soon evince the fact that the eye plays an important role in the tragedy of the human race. No doubt you will also be interested to know how and to what extent man can remedy the situation.

"Splinters"

A negro went to see a doctor and as he was leaving the doctor remarked: "You've forgotten something!"

"Nossah!"

"Yes, you have. My fee for the advice I've given you is four dollars."

"Nossah. I ain't goin' to take you' advice."

The difference between Pool-Gardner Lumber Co. and the doctor is that it "gives"—not charges for advice. The negro was right.

The modernizing idea is going forward. John Green is "doing his house over," H. C. Varner is doing the work.

Have you seen the lumber and shingle ads in the Saturday Evening Post and other national magazine? They are full of valuable information.
